## 49,979 Employees in Area's Governmental Agencies

A total of 49,979 persons worked for local governments in the Illinois-Missouri metropolitan area when the 1962 census of governments was taken, the U. S. Bureau of the Census reported today. Of this number, 43,480 were full-time and 6,499 were part-time employees.

Teachers and other employees of public school systems made up an important fraction of the total. When the last previous census of governments was taken, in 1957, there were 47,787 employees of local governments in this area.

The 1962 figures are in a special report, "Local Government in Metropolitan Areas," recently published by the Bureau,

an agency of the U. S. Department of Commerce. The 708-page volume is the final major report based on 1962 Census of Governments data.

### Gale in Agencies

The report also showed that 440 local governments were counted in this area in 1962, compared with 424 in 1957.

Direct general expenditure for local government services in the area during fiscal 1962 amounted to \$385 million, including \$137 million for public education. General revenue of local governments in the area amounted to \$374 million during fiscal 1962. Of this, \$195 million came from local property taxes, \$55 million from other local taxes, \$37.5 million from miscellaneous

local nontax sources, and \$65.8 million from the State and Federal governments.

The Illinois-Missouri metropolitan area, in 1962, consisted of St. Louis city, Jefferson, St. Charles and St. Louis counties, Missouri; Madison and St. Clair counties, Illinois.

This metropolitan area is one of the population centers designated as Standard Metropolitan Statistical Areas (SMSAs) by the U. S. Bureau of the Census, as of 1962. These designations have been made to define standard boundaries to be applied in publishing statistics useful for analyzing metropolitan problems.

Census officials point out that direct comparisons of the 1962 census of governments findings for individual metropolitan areas need to recognize variations in the pattern of local government functions, and especially interstate differences in the relative role of local governments and the State.

Single copies of "Local Government in Metropolitan Areas" are free on request to news media representatives from the Public Information Office, Bureau of the Census, Suitland, Maryland, 20353. Copies may also be obtained for \$4 from the Superintendent of Documents, Government Printing Office, Washington, D. C., 20402.

## Reidelberger Named County Chief Jailer

Frank Reidelberger, 1240 Klein street, Venice, the Venice township tax collector, has been appointed as chief jailer at the Madison county jail at Edwardsville by Sheriff Barney Frankendorf.

He succeeds William "Mooney" Hartman of Edwardsville, who was named a day deputy to process court papers. Reidelberger formerly was employed as a radio dispatcher, and this vacancy was filled with the appointment of Robert Rizzi, 24, of Livingston.

Sam Noto Jr. of Edwardsville, deputy night rider who was suspended from his patrol car was involved with another driver by a Granite City youth last Feb. 16 at Maryville, submitted his resignation this week.

"My suspension and undue criticism surrounding the accident leaves me to wonder if the suspension was not more politically or personally influenced," Noto's letter said, adding that there is a "never known when you're wrong, right" situation surrounding the night riders.

### Collide in Madison

Two autos were damaged at 7 p.m. Wednesday in a collision at 12th and State streets in Madison. Police said a car driven by Edward W. Shea of Collinsville and a Quad-City Cab Co. taxi driven by William E. Thompson of 321 Madison avenue, Madison, collided at the intersection.

## United Fund Aids Area Cancer Sufferers

Cancer was the leading disease to which United Fund money was allocated during 1964. It was reported Tuesday during a meeting of the Social Planning Council of the Tri-Cities Area United Board.

Arthur D. Roseman, chairman, presented the annual report for last year at the meeting of the council in the YMCA and pointed out that of a total allocation of \$300,000, the amount of assistance given to the medically indigent of the United Fund agencies totaled \$87,921.

The council has a similar \$900,000 budget for 1965, and Roseman said \$524 has been spent to date. Eight applications for medical assistance were presented and

four were granted in the amount of \$845. Present to confer with the council members was Robert Smith, counselor for the state division of vocational rehabilitation.

Smith meets with the local social planning group several times each year to lend state assistance from the state level in cases involving a wage earner who can be rehabilitated for return to a job. The assistance even extends to housewives unable to do their work, and in one case the state furnished a hearing aid to a Quad-City housewife.

The annual report for 1964 showed the following amounts of assistance:

Cancer, \$2664; heart ailments,

\$2313; kidney diseases, \$1570; arthritis and rheumatism, \$944; mental illness and nervous disorders, \$305; multiple sclerosis, \$231; diabetes, \$200; epilepsy, \$127; general diseases, \$101; sight, \$39; tumor, \$85; virus infections, \$22; and supplies for the immunization clinic conducted each month at St. Elizabeth Hospital by the hospital staff, local physicians and organizations, \$11.

## Course for Girl Scout Leaders to Start Tuesday

Mrs. Edward Kapes, training administrator for the River Bluffs Girl Scout Council, has announced the starting date for a series of instructions on "The Job of the Girl Scout Leader."

The training will start at 9:30 a.m. next Tuesday at Camp Kerk, Route 138, Belleville. The training will continue through the dates for completion of the course, as the instructors and students feel that more time is

wanted or needed.

"This training aims to supply the troop leader with the knowledge and skills she needs to start work with her girls," Mrs. Kapes said. "It is open to any Girl Scout adult in the county area of the council, and we would be particularly pleased to see some of our sister Scouts from the Quad-Cities area. Leaders are to provide a notebook and pencil and their own lunch. The session will end at 2:30."

## Traffic is City's No. One Problem, GC Officers Say

Granite City police have tagged traffic accidents as the city's number one problem, noting increases for the first two months in all three categories of the statistics—the number of crashes, deaths and injuries. Officers on beats advocate a stern crackdown on traffic law violators.

The February totals of 128 crashes with one death—a small baby—and 43 injuries, were almost on a par with January's totals of 160 crashes with one death and 42 injuries, despite three less days. The daily average in February was 4.5 accidents a day compared to 5.1 in January.

Two-month totals of 288 accidents with two deaths and 83 injuries showed increases over the 1964 period, with 264 accidents, one fatality and 61 injuries.

The steady increase in traffic accidents is shown in the two-month statistics over the years. In 1963 the totals were 199 accidents, 44 injuries and two fatalities for the two months; 1962—181, 45 and none; 1961—198, 62 and none; 1960—188, 45 and none; 1959—151, 41 and none; 1958—149, 40 and none; 1957—179, 39 and none; 1956—175, 31 and two; and 1955—143, 32 and one.

## Mrs. Garrison Heads Cerebral Palsy Drive

The Madison County Cerebral Palsy organization met Monday evening in Alton with Mrs. Helen Calame, president, in charge. Kenneth Creamer, a Plaza Council executive, gave a talk on forming a Boy Scout troop for handicapped boys.

Ben F. Behrent, executive director of United Cerebral Palsy in Illinois, discussed the coming fund campaign. Mrs. James Garrison of Granite City was named chairman.

Plans for a boat excursion in August were discussed, and Mrs. Doris Neimeyer of Wood River will be in charge, with proceeds going to the organization.

Other guests included Jim Schaller of Specialized Services, Alton, and Mrs. Levenne Wilson and son, Jerry, of Madison. A dessert luncheon was served by Mrs. Alvina Bishop and Mrs. Neimeyer, hostesses for the evening. Next meeting will be held April 12 at Nameoki grade school.

## Coin Club to Meet For Coin Auction Sunday

A meeting of the Land of Lincoln Coin Club, affiliated with the YMCA, will be held in the "V" auditorium Sunday at 1 p.m. A coin auction will be held. The public is invited and junior members are especially urged to attend.

The club, of which Charles Hileman is president, meets at the "V" the second Sunday afternoon of each month at 1 p.m. and the fourth Wednesday of each month at 7 p.m.

## Air Pollution Bill Going to Council

A proposed ordinance establishing air pollution controls is being prepared for presentation to the city council of Granite City next Monday night. It was reported yesterday by Alderman Sam Whitmer, chairman of the council's Special Air Pollution committee.

Details will not be disclosed until the meeting, but the committee will recommend first read before it is brought up for final passage.

Whitmer, Alderman Paul Rutledge, Ray Wulfer and City Attorney George Filloff Jr. reviewed a draft of the ordinance Tuesday evening and decided on two minor revisions, which currently are being written into the bill by Filloff. A copy also was supplied to Theodore Noeth, who could not attend.

Humphrey, Gladys Zeitinger, Daisy Adams, Betty Meyer, Elizabeth Backe, Mrs. L. A. and a guest, Mrs. Rose Darling, Mrs. Taylor served refreshments. Mrs. Lux invited the members to her home, 1637 Third street, for the April meeting.

Delray Rebekah Lodge 786 met at the Odd Fellows hall Tuesday evening with Mrs. Louise Chersidoff, noble grand, presiding.

Final plans were made for a corned beef and cabbage supper Saturday. Birthdays for the first three months of 1965 will be observed at the next meeting. Twenty-one members responded to roll call.

The second birthday of Timothy Vandavey was observed Sunday with a dinner given by his parents, Mr. and Mrs. Vandavey, 828 Alton avenue.

A decorated cake was served with dinner to Mrs. Robert Pouch, Mr. and Mrs. LeRoy Pouch, Lawrence Spinks, Mrs. Raymond Spinks and Mr. and Mrs. Richard Scott and son Richard. Gifts were presented to the honoree.

The annual spring choral concert of the vocal music department of Granite City high school will be given by the GCHS choir, directed by Mr. Warren G. Simpkins, director, will be presented Thursday evening, March 18, at 8 p.m. in the high school auditorium.

The program will be presented by 300 vocal music students who participate in six choral groups. The advanced mixed chorus, sophomore mixed chorus, can-

tando, boys' glee club, girls' glee club, and a selected 16-voice vocal ensemble.

Soloists will be seniors Diane McGovern, pianist, and Raymond Voorhees, baritone. Accompanists will be Janis Scher, Diane McGovern, Janice Veizer, Kathy McCalla and Sheila Gibbs.

The program will be a little over an hour in length and is open to the public free of charge.

## Thefts Reported At 2 GC Churches

A burglar broke into St. Bartholomew's Episcopal Church, 22nd street and Grand avenue, Tuesday night and took about \$10 in churchmen's socks, machine in the basement and a "discretionary fund" checkbook from the pastor's office, which was ransacked, Rev. Paul Dicks, pastor, announced at 7:10 a.m. Wednesday. Entry was gained by breaking a basement window on the east side of the building. Mrs. Penia Arnhart, 1931 Harris street, Madison, reported at 9:45 a.m. Wednesday that her black cloth coat with a brown mink collar was taken from the coat rack at Tri-City Park Tabernacle, 12th and Meridian streets, Monday evening.

Theft of materials being used for repair of the Viola Jones Homes in Venice was reported to Venice police Wednesday by William Kaman of the C. Contracting Co., which is doing the repair work. Missing are 24 rafter beams, 16 two by fours and 16 sheets of plywood. In addition, Kaman reported, a lock on a trailer in which aluminum siding was stored, was broken off and found on the ground. Nothing appeared to be missing from the trailer, he said.

Theft of tools valued at \$40 stolen from a car owned by David Evans, 2838 State street, was reported Tuesday to Madison police. Evans said the car was parked on a lot at 12th street and Madison avenue when the tools were stolen from a tool box in the car. Taken were three sets of socket wrenches and three sets of ignition wrenches.

House Burglary  
Herbert Fowler, 3063 Wayne avenue, reported that between 6 and 10:15 p.m. Monday, while he and his wife were at a movie, their home was entered and taken were a television set and \$25 to \$300 in old coins. The entire house was ransacked.

Mrs. Herbert Fowler, 2009 Beckwith street, Madison, reported to police Wednesday morning that a clock had been stolen from an auto owned by her son, Terry, Tuesday night, and that on March 7 the car radio was stolen. The theft occurred while the car was parked

## Students, Parents to Visit School for Deaf

Annual visiting day at the Illinois School for the Deaf, Jacksonville, will be Friday, April 9, for high-school-age students, possible transfer students and their parents.

Harold Thomas, Granite City director of special education, has received information on the event as well as blanks on which transfer requests can be submitted. Quad-City area families are being advised. Some of the forms should be filled out prior to the visit.

A student and his parents usually visit the school in advance of making a formal application. The visitation includes orientation to the residential school and inspection of classes, dormitories, vocational units and other facilities.

Visitation does not constitute a request for or guarantee of enrollment. However, it is regarded as helpful in evaluating the available educational programs in relation to the needs of each particular student. Thomas explained. An admission board meets in June to make final decisions on applications.

## Reznack Infant Dies One Hour After Birth

Paul Girard Reznack, son of Mr. and Mrs. Louis Reznack, 2541 East 27th street, died in St. John Mercy Hospital, St. Louis, at 10:30 p.m. Monday, one hour after birth.

The infant leaves, besides his parents, two sisters, Michelle and Catherine, and a brother, Louis Jr.; and grandparents, Mr. and Mrs. Ben Strack of Granite City, Mrs. Mary Reznack, Granite City, and Vance Reznack, Granite City.

Funeral arrangements are being in today's obituary column.

## Serious Shortage Of Nurses in State

A serious shortage of nurses in Illinois has been cited by John C. Watson, director of the Illinois Department of Registration and Education. He added that many persons not presently licensed as registered professional nurses in Illinois are eligible for licensure.

Director Watson said persons graduated from an approved school of professional nursing in Illinois since October 1949, who have not, for any reason, become registered in the state, should seek information concerning their eligibility. Inquiries should be addressed to the Illinois Department of Registration and Education, Nurse Section, Room 112, State Capitol, Springfield, Illinois.

\*Last year's rate for the levee district which was not compiled until November and was too late for the tax collection in 1964. County Clerk Holz said adjustment in the rate will be made this year to credit taxpayers with the nine-mill difference.

The rates above are combined in a way that they would affect the majority of people in local areas. For property owners in different governmental groups, the rates will vary accordingly.

Long Lake fire district residents in Nameoki township should add 7.6 cents (a drop of one cent from last year) to other rates in the township to determine their total rate. Those in the Miracle Manor-Belleme Place street lighting district should add 10 cents (unchanged from last year). In State Park Place, the street lighting district should add 10 cents (same as last year).

Venice township residents in the Granite City school district should substitute that district's rate. In all cases, the overall rate can be found by adding the rates of the governmental areas in which each taxpayer resides. However, it must be remembered the levee district rate still is subject to change.

The procedure outlined enables property owners to determine their new estimated tax rate based on \$100 assessed valuation.

From a larger number of nominations, the board selected Miss Lucille Coulter, 3181 Carlson avenue, Cor. Dodge and Madison, as the new director of gifted education in the Granite City district.

Resignations effective June 4 were accepted from Miss Charlotte Lieberman, 2496 Waterman avenue, Coolidge junior high school, and Miss Virginia Croft, 226 Missouri avenue, Central junior high school, both of whom were teachers of the gifted program.

Miss Sylvia Evangelou, 1217 Iowa street, Madison, who is receiving a bachelor degree from Illinois State University at Normal, will be an English and "block of time" teacher at Coolidge junior high school.

Elementary school assignments will be given to Miss Frances D. Butcher, Litchfield, 1965 bachelor degree from Illinois State University, Elsie Ed Brand, Salem, Mo., Southeast Missouri college bachelor degree and 10 years of teaching experience; and Miss Barbara D. Kelleher, 2770 Madison avenue, Southeast Missouri bachelor degree and two years' experience.

Miss Joanne K. Higgins, South Beloit, Ill., who is receiving a bachelor degree from Northern Illinois University, will teach physical education at McKinley grade school.

Supt. Johnson said faculty members are being attracted to the district by the excellent salaries and benefits.

## Nameoki Twp. Hospital, Housing Objectives

Construction of a township emergency hospital and one or more public housing units will be among early projects considered by Nameoki township if and when a master growth plan for the township area is prepared, making the township eligible for government funds for such programs.

Briggs said a report on discussions between the three townships and the township board, executive secretary of the Southeastern Illinois Metropolitan Area Plan Commission, on detailed factors involved in preparing an overall growth plan for the township will be presented at the regular township board meeting Monday.

## Hospital Food Service Begins

The Hospital Food Management Co., a division of Automotive Retailers of America, on Tuesday formally assumed responsibility for food service at St. Elizabeth Hospital.

Dietary employees will remain on the hospital payroll and under its policies, and all will be retained. The company, which was awarded its contract competitively, will provide a food service manager who will take up residence here and serve as a hospital department head.

The "opening team" here at present consists of Al Alsedek, district manager; Miss Mary Decker and Miss Betty Westendorf, regional supervising dietitians; and K. S. Beauchamp, supervising chef. They will be here several months to help align the department before the assignment of a resident manager.

Diet Therapy With the new food production management, St. Elizabeth Hospital will develop for the first time anywhere a system in which its dietitian will develop a therapy department exclusively for dietitian-to-patient contact.

Patients will be given "greater help in handling their menu, their appetite, their diet training, their need for special diet education, and tips on home cooking techniques to preserve their diet therapy following discharge from the hospital."

Under the contract with the Hospital Food Management Co., there will be a replacement manager in case of illness, frequent regional and district supervisory travel, new food research and food service engineering and design, centralized data process accounting for the food operation on all phases of

Briggs said eventual completion of a master growth plan would permit the township to undertake sponsorship of several projects that have been considered in the past. One of these, he said, is an emergency hospital, but with township and government funds and operated by the township.

"We are not talking about a big hospital," Briggs said, "but rather a modest type hospital that would provide emergency facilities and immediate care of persons in this area. We have not gone into any detailed plans, but it is one of the things we are thinking about in connection with the future growth of the township."

Briggs also pointed out that one of the township's greatest need is for housing, and that it is possible township-sponsored housing units could be another phase of well-planned development. The supervisor said there are many potential projects that could be developed by the township to guide the growth of the area. He said these will be considered in the preparation of the overall plan which, he said, it is almost certain the township will undertake.

St. Louis Driver Faces Venice Traffic Charges Joyce Ann Clark, 25 St. Louis, posted cash bail of \$100 in Venice Tuesday pending a March 22 hearing on charges of leaving the scene of an accident and destruction of property. The charges grew out of an accident in Venice Sunday.

Police said that at 1:35 a.m. last Sunday a car struck a parked auto owned by Fred Body, 1009 Bissell street, Venice, and drove into the yard of Mrs. Charles Hilton, 1017 Bissell street, tearing down a section of fence. The driver left the scene. Granite City police later located the automobile which had been damaged and Venice police said a piece of chrome found on the Bissell street scene matched damaged section on the car. Hall subsequently was arrested.

Meal Satisfaction "The hospital's aims for a higher and higher grade of meal satisfaction will be continued and furthered," a spokesman commented.

"Local buying of food products will continue in the same pattern as has always existed, unless normal specifications of quality, price and service cannot be met."

The new diet therapy section will be instituted shortly, and soon after will begin accepting out-patient appointments and providing daily in-patient visitation. It eventually will be located on the fourth floor, directly across from other therapy departments.

## Debevc, Lusk, Dillon Led Locals in Scoring

Three players on each team averaged 10 points or more this season as the three local high school basketball units compiled a combined record of 41 wins and 35 losses.

Many of the victories, of course, were notched by the Venice Red Devils in a 20-5 campaign. The Madison Trojans finished at 500 even, 13-13, and the Granite City Warriors posted an 8-18 record.

Granite City high school statists show scorer Vince Debevc was the top scorer with a 14.8 average. Next were Joe Grobowski, 12.3, and Larry Ripka, 10.0.

Figures compiled by the Press-Record give Madison big boy Paul Lusk a 20.7 average—one of the highest in the area. Dale Turner had an 18.4 average and Bob Fouts a 10.7 average. For Venice, jumping Jack Perry Dillon was high at 19.1, followed by Rich Jackson, 16.5, and Rich Esington, 14.2.

Detailed GCHS statistics show Grobowski was the best field goal shooter, hitting 126 of 217 shots for 58%. Ripka was best from the line with 65 of 85 (77%).

Debevc had 85 assists and Grobowski pulled down 220 rebounds. Seniors among those who played regularly are Debevc, Grobowski, Jerry Lybarger and Tim Kambarian of Granite City and Mike DeYoung, Bob Fouts and Carl Marr of Madison. There were no seniors on the Venice squad.

BASKETBALL TROPHIES were awarded these representatives of teams in the Granite City park district's High School League by park commissioner Milton Allen (center). From left are: Chuck Mizerski, Roca Gold; Charles

Plese, Shazams; Jim Holland, Holland Asphalt; Allen; Jerry Lybarger, Roca Gold; Larry Wofford, Peck's Confectionery, and Dan Messey, Tratter's Trotters. The presentations were a highlight of the league's annual dance.

INTER-CITY CHAMPIONS of the YMCA basketball program's Junior Division are the Madison Corruptors. Players, from left, are: Bernard Peron, Edgar Williams, Willie Harmon, Clifton Cooper, Preston Clark, Keith Williams, Mike Darden and Sam Harmon. The team was coached by Norvell Smith.

YMCA TEEN TOWN basketball team which won third place in the District IV tournament of Alton. From left are: Jim Moran, Bob Martinez, coach Jack McCoy, Kerry Eray, John Spangler and Joe Fanning; back row—Jim Rains, Bob Lee, Kelly Hagan, Dana Lokatos and Terry Tessey.

## Sports Exhibitions At 'Y' Open House

A full schedule of athletic exhibitions is scheduled for the YMCA's annual open house from 7 to 9:30 p.m. Monday.

Pool exhibitions will be given by the Swamp Angels swim team, members of the YMCA swimming classes. The Bubble Masters Salsa Club, the Granite City Underwater Recovery Team and members of the Junior and Senior lifesaving classes. Gymnasium exhibitions will include weightlifting by the Health Club and basketball by the inter-city youth playoff winners, both events at 7 p.m. At 7:25 p.m., judo and karate exhibitions will be led by Len Fuchs and Ed Czwilski.

Don't judge a man's religious convictions or patriotism by the noise he makes.

## Preps' Thoughts Turn to Spring

With their basketball teams eliminated from the state basketball championship race, the local high schools turn attention to spring sports.

At Granite City high school, the track squad of coach Jim Morrison has already competed in two indoor meets and has another slated March 19 at the St. Louis Army. Only points scored so far have been in pole vaulting.

Coach Joe Fedora is drilling his baseball players in preparation for the March 24 opener at O'Fallon.

Dick Harmon's tennis squad opens March 30 here against Alton, and Harry Lane's golfers begin April 2 here against Alton.

At Madison high, the baseball, track and tennis teams are about to start workout. Coaches, respectively, will be Earl McClanahan, Glen Pickering and John Phelan.

Venice high has dropped plans for a spring baseball schedule and will concentrate on track. Stan Lynch will be head coach, assisted by Bill Ohendorf.

## I-C League Meeting Set

A meeting of the Southwest Illinois Inter-City Baseball League is scheduled for 1:30 p.m. March 21 at the Moonlight Tavern. Try an official baseball will be adopted and the 1965 schedule will be considered.

## Boosters Meeting Monday

Boosters of the Fighting Warriors will meet at 8 p.m. Monday at the YMCA to hear coach Jim Morrison discuss the Granite City high school track program. The public is invited.

## Belleville Wins 76-44

## Kahoks Vie Tonight At Sectional Meet

Champions of the Granite City regional tournament, the Collinsville Kahoks open play in the Wood River basketball sectional at 8 tonight against the Hillsboro Hilltoppers.

The Kahoks, who defeated Madison in the championship game here, take a 24-2 record and a string of 16 consecutive victories into the tournament.

Belleville's Maroons, also representing the southwestern conference at the sectional, advanced to the final game by ripping Pleasant Hill 76-44 last night. Joe Wiley's 24 points and Scott Holliday's 19 paced the Maroons, who own a 21-2 record. Pleasant Hill's Wolves finished at 24-4.

The Wood River champion moves into the "Sweet Sixteen" semifinals of the sectional winner Tuesday at Olney. The "Elite Eight" complete March 19, 20 at the huge Assembly Hall at the University of Illinois.

Other sectionals are being held at Arlington Heights, Carbondale, Decatur, DeKalb, Harrisburg, Harvey, Hinsdale, Jacksonville, LaSalle, Macomb, Peoria, Rock, St. Louis, Urbana. All opened last night except the Carbondale meet, where Meridian

(25-2) faces Sparta (20-6) and Centralia (23-5) meets Marion (19-6) tonight.

All sectional championships are tomorrow night.

In addition to Olney, other super-sectional or first-round state games will be at Aurora, Carbondale, Evanston, Macomb, Moline, Normal and Peoria.

If Collinsville should win at Wood River and Olney, the team would play the second game of the March 19 afternoon session at Champion. The opponent would be Peoria super-sectional winner—probably defending state champion Pekin.

The March 20 semifinal, third-place and championship games will be televised statewide.

Incidentally, a top candidate to replace the 1964 Golden Applepickers as "Cinderella team" is the Carlin Jokers squad of 140perton (500 students) bringing a 17-8 record into the Urbana sectional.

Battavia's Bulls, only district champion still alive, downed Elgin 72-64 last night in the Hinsdale sectional. Batavia has 575 students.

Who Needs License?  
Now might be a good time to review laws pertaining to fishing. Who needs a fishing license? Everyone who is 16 and over unless he is fishing in water on his residence property. Licenses are necessary even if you are fishing in a fee lake where you have paid to fish.

There is no season on the more common fish and no limit with the exception of bass, where the limit is 10 a day. (Who ever gets that close?) Crooks such as Silver Creek are not net and permission must be obtained before entering adjacent property.

Hang on, spring is around the corner!

## Three Cars Damaged

Three autos were damaged in Venice at 12:30 p.m. Wednesday when one of two cars involved in a collision at Market Street and Madison avenue was knocked into a third vehicle parked on the street.

The Police said cars driven by David V. White of East St. Louis and Robert E. Armstrong of 402 Mary Street, Madison, collided in the middle of the intersection. Armstrong's car was thrown into one owned by James J. Ford of the Granite City Army Depot.

Skip Damotte, son of Mr. and Mrs. Emilie Damotte, 2301 Mission avenue, has been selected "cross country man of the year" by the MSM Letterman's Club at the University of Missouri's Rolla branch.

Although Rolla's record was 2-6 last fall, Damotte won three races and led his team in every race. He holds the school record of 21:04 for the 3.86-mile run.

He lettered twice in cross country and twice in track, running the mile in 4:39 and two miles in 9:56. A recent eye injury, resulting from a handball match, will prevent him from competing in track this spring.

Damotte is married to the former Betty Foley, a major in mechanical engineering and will graduate in June 1966. He carries a respectable 2.6 grade point average (4.0 is perfect).

## THE MADISON COUNTY SPORTSMAN

By DON HASTINGS  
County Conservation Officer

The recent snowfall certainly cooled off the nervous fishermen, including this writer. But license and tackle people tell me that fishermen are starting earlier this year than ever before.

The new nice Saturday that we had earlier saw the bait and tackle people swamped and license people were caught unprepared.

One Alton license outlet had already sold 100 trammel net licenses last week to commercial fishermen for the big Lenten market. The important thing with trammel nets is that the fishermen keep them under his immediate supervision and does not dead set them. I suppose that the trammel net is one of the most efficient pieces of equipment that a commercial man has.

You have to take your hat off to these fellows and appreciate those that make it a full-time job. At times it is probably a most enjoyable job, but a great deal of the time it is nothing but bone-tired work in weather which keeps everyone else in by the fire.

Aid to Conservation  
They serve an important need by harvesting the fish that would otherwise go to waste and are therefore doing their part for conservation. Few times, if ever, are they in competition with the sport fisherman and most of the sport fisherman are a benefit to the fisherman.

Now that Lent is here, we again remind those that sell fish, either in a store or elsewhere, that they must have a retail fish license if the fish they sell are of species protected by state law.

Many grocery people don't know this, so if you have a friend in the business, remind him of it, so that he will not be caught unaware. If anything other than ocean fish is being sold it would be well to check with me or someone in the department to see if a license is needed.

Who Needs License?  
Now might be a good time to review laws pertaining to fishing. Who needs a fishing license? Everyone who is 16 and over unless he is fishing in water on his residence property. Licenses are necessary even if you are fishing in a fee lake where you have paid to fish.

## Madison Ace May Move to Guard Next Season

# Freeman Proves Versatility

(Special to the Press-Record)

CHAMPAIGN — Madison's Don Freeman proved that he has become an all-around basketball player this season.

That's why Illinois coach Harry Combes said he's seriously thinking of transplanting the 6-foot 1-inch forward to guard next season. "We'll try with that idea at least for the early part of next season. But if we miss Don's offensive rebounding, we'll put him back at forward."

Freeman, who has been chosen by his teammates as captain of next year's Illini, improved every phase of his game while helping Illinois to third place in the Big Ten and an 18-6 overall mark.

Before the season ever started, the "jumping-jack" forward was quipped about the way he was shooting. "I'm not now, but wait till we get into the conference race."

The Illini did get into the race, and Freeman's scoring, rebounding and sensational passing helped them battle Michigan's league champions down to the wire. This week, Freeman was named to the third team in all-conference selections.

**Marksmanship Improved** — In his sophomore campaign, Freeman shot .411 from the field and scored 341 points for an average of 14.2 per game. But when he missed, he missed a mile. This season, however, he shot .488, scored a total of 440 points for an 18.5 average, and didn't miss much.

He now has a total of 781 points for his career. If he can score 580 next season, his last, he'll become the highest scoring Illini ever, surpassing Canton's Dave Downey, who scored 1360 points during his career. Only 350 points will help him pass Skip different occasions. His best

Thoren, who scored 1164 and became the third leading scorer in history this season.

But scoring isn't Freeman's broad and butter. He excels when he's matching muscle under the backboards or flipping

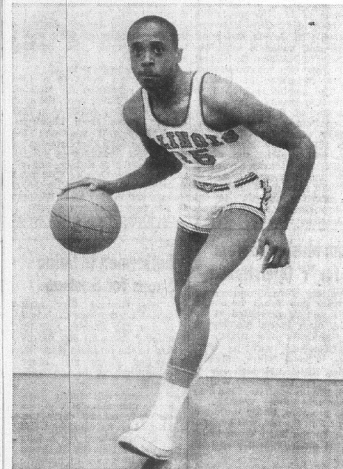

"see 'em-to-believe 'em" passes to teammates for easy baskets.

"I only weigh 180 pounds now, but I'm going to gain at least 20 this summer. Then I'll be able to go with almost anybody under the boards," he said. "As for the passing, the reason I'm able to do it is because the guys are so fast, they're in the right place at the right time."

**Averaged 8.8 Rebounds** — Freeman grabbed 226 rebounds this season, averaging 9.6 a game. But he drew only 93 fouls while he was looking up to and giving away four inches or better to every man he had to

rebound. Passing for easy baskets? Well, no records are kept, but if they were, he'd hold them. Seeing is believing, so the saying goes, and Freeman has shown everybody in the Big Ten that he came to play.

His best game of the season, scoring-wise, was Illinois' 97-80 victory over Iowa. He got 33 points during his career. Only 350 points will help him pass Skip different occasions. His best

ILLINI STAR Don Freeman, former all-stater at Madison high school, has developed into one of the best all-around players in the Big Ten Conference. He averaged 18.3 points per game this season.

game from the field was when Combes won't have to worry about that position. Freeman will be wherever he plays next season.

## Sky Stealers Model Plane Club Plans Series of Displays, Contests, Races

A hand-launched glider contest is planned for Sunday at the YMCA by the Tri-City Sky Stealers model airplane club. It is the first in a series of events sponsored by the club.

In addition to Sunday's glider contest, club members will participate in a separate contest to be judged by the Sky Stealers. Each contestant will be given a small unpowered glider. He must assemble the glider and attempt to keep it aloft as long as possible.

The club plans a display of model planes for Monday night open house at the "Y". On display will be radio control, scale, stunt, scale navy carrier, combat, competition heat races and beginner sport-trainer models.

The display will shift to the Grant store on Namek's road April 18 to 25. On the last day of the exhibit, a flying demonstration will be held in the parking lot with precision aerobatics, dog fights and throttle-controlled flights. There will be no admission charge.

On May 1, the club's building contest ends with judging at the YMCA. On May 2, the annual

## State Liable for Most At-Large Election Costs

A Attorney General William Clark has held the state of Illinois almost entirely liable for expenses incurred by counties in conducting the at-large election of Illinois state representatives last November, he announced this week.

Clark's opinion made it clear that the state auditor may, if he deems it necessary, investigate all such claims submitted. But he urged such action only in a few cases.

An election authority, Clark held, may be reimbursed by the state for the cost of printing separate election ballots for the election but only at the rate of 24 cents per ballot cast in the 1960 general election, even though the actual election expense clearly exceeds the amount to be paid at the 24-cent rate.

When a county clerk or board of election commissioners has certified that overtime pay has been paid to members of the canvassing board, there is a presumption that the certification is correct. However, Clark said, this is not a "conclusive presumption" and the state auditor may make an independent investigation.

He further held the state liable for meals furnished tally judges, removing and returning various items of equipment, acquiring tables for use at the election, renting equipment and counting stations, conducting schools of instruction for county judges and other election workers, insurance on storage facilities and travel expense of election and county officials to purchase equipment for the election.

In a separate ruling, Clark said county clerks must deliver to each town clerk prior to the April election duplicate cards showing registered voters.

### Salem, Elgan to Retire as Venice School Directors

Two retirements were announced and a resolution authorizing the Venice school district election for Saturday, April 10, was passed by Venice board members Monday night at a regular board meeting, normally held the first Monday of each month. The delayed session was due to last week's regional basketball tournament.

Three Venice board members are to be elected April 10, with voting to take place from noon until 7 p.m. The Venice grade school at 740 Broadway was designated as the single election polling place.

Board Members Lester Salem and Eugene Elgan formally announced their retirement from the board when their present terms end in April. A third board member whose term expires May 1966, 600 Lincoln avenue, has filed for re-election.

Salem, current board secretary, who has served on the school board for 21 consecutive years, said he will not seek reelection for personal reasons. His announcement came on his 53rd birthday. Elgan has nine years service as a board member.

**Improvements Cited**  
In a brief statement, Salem, who was board president for 11 years, related various improvements which have occurred in the school district during his tenure.

Since 1943, he said, the district has acquired two cafeteria, driver education and guidance counseling programs, a foreign language laboratory and two PTA groups, among other changes. In noting that the district has increased its office force from a single office girl to a staff of five, Salem said the number of administrative problems has increased proportionately with the expanded programs.

In other board business Monday night, Supt. of Schools John O. Pier reported on a visit by a state driver education inspector and read a favorable report which qualified the Venice school district for continued reimbursement of its driver education program.

**Counseling, Student Teaching**  
Board members discussed the possibility of extending the guidance counseling program to include students in the seventh and eighth grades. Present counseling is conducted at the high school level only.

They also authorized Supt. Pier to attend the annual meeting of the North Central Accredited High Schools Association the last week of March in Chicago.

The board voted to rehire Schlusser and Co., certified public accountants, for year-end auditing purposes, and ratified a formal agreement with Southwestern Illinois University, Alton, to hire student teachers. Currently, SWIU student teachers working in the Venice school district are hired under an oral agreement.

**Building Safety Code**  
Action was taken on a progress report on the new school building safety code. In the questionnaire, school districts were requested to submit the name of architect or engineer who has been employed to make the survey and to certify a date for completion.

At the present time, Venice district has not hired an architect or engineer to comply with the code. However, preliminary negotiations were carried out some time ago with Architect Virgil Dalgard.

In other action Monday night, the board authorized transfer of \$2500 from the educational fund to the transportation fund, and payment of \$1688 to the Bi-State Transit System for school bus transportation in February.

Other bills approved for payment included \$2109 for the teachers' retirement system, \$4515 withholding tax, \$222 Illinois municipal retirement fund and \$381, hospitalization. Payments totaled \$1707 from the educational fund, included \$167 to Audio-Electronics for earphone covers used in the foreign language laboratory, \$102 to Broadway Hardware for miscellaneous hardware supplies at discount, \$131 to Industrial Electronics for light bulbs and \$200 each to Dr. J. C. Byers and Dr. J. E. Lee for professional services.

School lunch bills totaled \$1815 and included \$500 to Dress and Young Dairy, \$250 to J & J Meas, \$102 to Hank Svecia for produce and \$531 to Elroy Foods. Bills in the building fund totaled \$1769 and included \$431 as the school district's one-half share with the city of Venice for the services of a school policeman, \$120 to Duchess Sales for lunch tables and \$536 to R. Dean Electrical Co. for repairs. Salem reported a balance of \$3324 in the activity fund and a \$1467 balance in the athletic fund.

Continuing Week's Observance

### Girl Scouts to Hold Campout, Tree Planting

Commemorating the 53rd anniversary of Girl Scouts, more than 3000 Quad-City Brownies, Cadettes, Girl Scouts and adult leaders, will conclude local observances of National Girl Scout Week with two major outdoor projects Saturday in Granite City. The public is invited to view both events.

Starting at 8 a.m. Saturday and continuing until 8 p.m., members of Senior Girl Scout Troop 259, led by Mrs. Elmer Stille, will present the area's first Girl Scout outdoor camping display and demonstration. The event will take place on the vacant property adjacent to the new fire station at 23rd street and Madison avenue.

### Organ Music Program Set for 'Y' Open House

A variety of organ music ranging from pop tunes to church hymns will be presented at the YMCA open house Monday by music students of a studio.

Participating will be Pat Banks, Cheryl Guth, Craig Haynes, Richard Hoshier, Martin Rensing, Pat Ridge, William Tegel, Phyllis Wallace, Randy Watson and Sidney Womack. The program, under the direction of Phil Spence, will begin at 7 p.m. in the Teen Town lobby, and the students will play until 9 p.m.

### Daughter Arrives for Mr. and Mrs. Fountain

Mr. and Mrs. Roger Fountain, 2138 O'Hare avenue, are announcing the birth Monday at St. Mary's Hospital in East St. Louis of their first child, a daughter, whose weight was seven pounds, 14 ounces. She has been named Kim Renee. Mrs. Fountain is the former Shirley Ross, a daughter of Mr. and Mrs. Henry Ross, 11 Terrace lane.

### Faces License Charge

Otis D. Madison, East St. Louis, was arrested by state police at 10 p.m. Tuesday on Route 203, a mile north of Bend road, on a charge of operating a vehicle while his driver's license is suspended. Hearing has been set for March 27.

### Lettermen to Shine Shoes for Snelson

The Granite City high school Lettermen Club will hold a Ray Snelson Day by shining shoes all day Saturday in the business districts, bowling alleys and other establishments in the community.

Proceeds will benefit Snelson, a club member who was seriously injured early this year in an auto accident and was hospitalized for a long period of time in St. Louis before he was sent home to recuperate. He lives at 3229 Wayne avenue.

From 50 to 55 members will be out with their shoe shine kits. Snelson, a top senior, has lettered in track and football.

### Teachers View Program For Talented Youth

Mrs. Patricia Mueller, science teacher, and Mrs. Georgiana Van Buskirk, mathematics teacher, both of Central junior-high school, visited the Edwardsville demonstration program for talented and talented youth Tuesday.

The teachers observed new programs in action for the talented student at Edwardsville junior high school, and the Illinois plan for program development for gifted youth was outlined.

Mrs. Mueller and Mrs. Van Buskirk took part in the demonstration class, interviewed student members of the class and discussed methods and materials used by the instructor.

### Odd Fellows Initiate 3 In 4-Lodge Meeting

Three new members were initiated into the Odd Fellows at a meeting of four lodges hosted by the Namoeki Six-Mile Prairie Lodge 87 Tuesday night.

They are John Sloto, Ronald Birks and Kenneth Woodworth. The Namoeki lodge, 110 years old, is one of the oldest in the state, is planning a membership drive with the other three lodges, and under formation is an Odd Fellow four-city quartet and degree teams.

Any man over 18 years old is eligible for membership, it was announced.

It also was announced that an international Odd Fellow instructor from the grand lodge in Springfield will be at the Madison Tri-City Lodge 1031 on April 15, with members of all lodges in the region invited. He is to provide ceremonial, degree and procedural instructions.

Attending the four lodge meeting were 11 members of the host lodge, five from the Granite City lodge, six from the Venice lodge and one from the Tri-City lodge. Refreshments were served.

## Geoffe Receives PTA Council's Award

More than 100 persons, representing each school in the Granite City school district, attended the annual appreciation and recognition dinner of the Area PTA Council Tuesday evening at GCHS and viewed the presentation of the 1965 life membership award to Vasil Geoffe, president-elect of Central PTA. Geoffe, a ten-year PTA member, was nominated by Central PTA for his outstanding contribution in PTA activities, both at McKinley school and Central. Geoffe also has served for two years as area council treasurer and council representative on the Mayor's Safety Commission.

At McKinley school, he has held the offices of president and vice-president, and served as safety chairman for six years. He assisted in many fund-raising projects and in the nominating brief, he was cited for "his conduct in holding many jobs without tiring, which is vitally necessary for a successful PTA."

Geoffe received a life membership pin and a certificate from Mrs. Kathleen Tadlock, last year's award winner. Other candidates for the honor and their organizations, included Mrs. Genevieve Gidson, Mitchell PTA; Mrs. Patricia Eubank, Maryville PTA; Mrs. Roberta Werner, Marshall PTA; Mrs. Vork Farrow and Mrs. Rose Young, Nameoki PTA; and Mrs. Josephine Ross, Webster PTA. Each of the nominees received a certificate of appreciation.

Dr. Milton R. Litterer, president of the Illinois Congress of Parents and Teachers, who was the featured speaker, He discussed

the importance of good PTA relations with school administrations, which require the support of interested parents to carry out a well-rounded school program.

Dr. Litterer, the first man to be elected state president, is the director for special education in the Peoria school system.

The program also included several musical selections by the Granite City high school band, under the direction of Louis Meek.

### Tour to New Orleans

## GCHS Band Parents Set Dates For 'Tag Days' April 15 to 17

Tag Days for the annual tour by the Granite City high school band will be held April 15, 16 and 17, it was announced Tuesday night by Mrs. Leroy Jung during a meeting of the Band Parents Association held in the band room, Bernard Shepard, president, was in charge of the meeting.

In making preliminary plans for the tour it was decided the destination will be New Orleans, La., for the trip to be made by chartered bus May 3-5.

Mrs. Ruth Hehle, announced the Band Parents Association will serve lunch and be in charge of excursions for the grade school and junior high district contest to be held on Saturday, March 20.

Cadet Girl Scout Troop 284 met Monday evening at Prather junior high school with the leader, Mrs. Norma Walton, and co-leader, Mrs. Ruth Hehle.

Debbie Burnett and Becky Bailey received a prize for being the most cookies in the troop. The entire troop sold 833 boxes. The girls elected to wear their uniforms to school yesterday in observance of Girl Scout Week. They discussed badge work, challenges and a trip.

Others present were Vickie Antomopoulos, Vicki Basan, Suzanne Brummell, Reba Hancock, Wallene Jones, Sharon Joyce, Pamela Kessler, Donna Keunhoffs, Linda Elino, Elaine Ragan, Sharon Smith and Paula Walton.

## MECCA Rejects Regional Development Plan

The Metro East Chambers of Commerce Association, meeting in Belleville Monday night, turned down a bid to join in the formation of a new Metropolitan Regional Industrial Development Commission, a co-ordinating agency that would include both the Missouri and Illinois sections of the area.

The proposal, which would provide a new industrial development body consisting of representatives from 36 organizations in Jefferson county, St. Louis county and St. Louis in Missouri, and St. Clair, Madison and Monroe counties in Illinois, was turned down until such time that the recently organized Illinois Metro East Industrial Development Commission has completed more extensive development of its own program.

Chester Baker, president of the Illinois Commission, reported to the meeting that the Madison-St. Clair development group had held its first board meeting recently and requested representatives of the various Chambers of Commerce to produce commitments of cooperation and support from their respective groups. It was pointed out that some members of MECCA have provided such pledges, but that some are still lacking.

## B&PW Club Reviews Year's Work in Observing Nat'l. Week

This week, March 7-13 is being observed as National Business and Professional Women's Week. The Business and Professional Women's Clubs stem from the National Business Women's Committee which was established in 1918 by the War Work Council of the YWCA to serve the economic interest of business and professional women.

The members now number 170,000 in over 3600 clubs under 53 state federations, including all 50 states and the District of Columbia, Puerto Rico and the Virgin Islands.

The Granite City club was organized in November 1921. It now has a membership of 67. Miss Dorothy Davis is president of the local group. Other members of the staff are Mrs. Helene Bischoff, and Mrs. Nina Bigley, first and second vice-presidents; Mrs. Dolores Allen, recording secretary; Mrs. Georgia Coughlin, corresponding secretary; Mrs. Patricia Bengel, treasurer; and Miss Frances Lynch, chaplain.

Board members include Emylee Alford, Mildred Walker, Lottie Schuster, Vernice Wortman, Mrs. Betty Wells and Shirley Adams. Elizabeth Novacek and the hostesses. The program has been designed from the earliest convention to obtain wider opportunities for the women.

A dessert course was served, and prizes in the games went to Schuster, Vernice Wortman, Mrs. Betty Wells and Shirley Adams. Elizabeth Novacek and the hostesses. The program has been designed from the earliest convention to obtain wider opportunities for the women.

### PARTY FOR PAST - PRESIDENTS CLUB

The Granite City club has sent one of the Granite City high school girls to a Leadership Training Conference at Southern Illinois University in Carbondale for a year's training in each of the last three years. The club is a member of the Granite City Scholarship Association and contributes to that each year. Three sets of books this year have been contributed to International Booklets: American books for distribution in newly countries.

The B&PW clubs are not considered service clubs but the

members are encouraged to participate in local community projects. Since 1953 the club efforts have been directed by the Federation with the United Nations' working theme, "The Fund. At Christmas the club Responsibility of Full Partners members rank belts and collect ship." This year the club is particularly interested in helping the Army Tree of Lights. During the three distinctly different but November elections a number of equally important groups in the city, youth and the second "Get-Out-the-Vote" campaign, reentering the labor force after raising her family. Great interest is also shown in preparing members for retirement.

In addition, several of the members have been very active in the March of Dimes campaign, the polo drive and other social endeavors. The monthly programs are set up to cover three basic categories, civic participation, personal development and world affairs. ### MR. AND MRS. DENNIS WALKER RETURN HERE

Mr. and Mrs. Dennis M. Walker, who were married Feb. 27 at St. Elizabeth Catholic Church in Richmond, Va., have returned to Granite City and are residing at 2533A Grand avenue.

The bride is the former Audrey May Mahoney, a daughter of Mr. and Mrs. Aubrey V. Mahoney of Richmond. Mr. Walker's parents are Mr. and Mrs. William D. Walker of Granite City. He is employed by the Union Star and Refining Co.

### St. Patrick's Thorngate Theme

The Thorngate Garden club held its monthly meeting Tuesday in the home of Mrs. Carl Moser, 3109 Ash street.

The hostess used St. Patrick's theme in decorating her home and dining table.

She served a luncheon to Mesdames Mary Markham, Ida Hangleider, Lillian Delp, Clara Schullinger, Evelyn Leu and Geneva Paul, Miss June Markham and guests. Mrs. Nancy Cantrell and children, Lyle and Amber.

A business meeting was conducted by Mrs. Leu. Mrs. Markham gave a reading, "The Celtic" Mrs. Leu and Mrs. Delp presented the program, a film entitled "Happy Child of Japan."

The meeting April 13 will be held in the home of Mrs. Pat Polley, and plans were made to hold a white elephant sale and plant sale.

## Madison Club to Sponsor Dances At St. Mary's

The Madison Junior Service club met Tuesday evening at the Madison recreation center with Mrs. Loretta Hyla, president, presiding over the business meeting. Cards were read from members who have been in the hospital during the past month.

Two dances in which the club will participate were discussed. A federation dance is to be held March 27 at the VFW home in O'Fallon, Ill.; proceeds are to go to the children's division of Alton State Hospital. The Madison club's benefit dance is to be held May 1 at the Polish hall, and tickets may be purchased from any member.

A report was read by the point chairman, and volunteers were sought to work with the Madison County Tuberculosis Association's free chest x-ray program. Miss Nina Dittman, Madison school nurse, discussed a project which will be studied further.

Letters of acceptance were received from three who are to become members of the club. During a social time, games were played and prizes were given. Mrs. Cleona Vaughn, Mrs. Elmer Hunkamp, Mrs. Julie Peater, Mrs. Hyla and Misses Marian Chizek and Jeannette Triant.

The hostesses, Mrs. Jean Voegeli, Mrs. Adrienne Warchol, Mrs. Alberta Mikolajczuk and Miss Dittman, served sandwiches, dessert and coffee prior to the meeting. The tables were adorned with floral arrangements and napkins in keeping with St. Patrick's Day. Green and white mints were on each table.

## THE VOLUNTEERS FOR CRUSE BRING YOU A MESSAGE FROM YOUR CANDIDATE FOR FULL-TIME MAYOR

In opening I must mention the thoughtfulness, help, and support given me by so many fine people. Your warm response and the faith you have placed in me will not go unmentioned. It is difficult to find the words that describe my appreciation, but it all boils down to a big "Thanks" to all of you for being so nice. Now let's get on with the campaign.

In making the decision to run for mayor I felt that among many important needs we must have a candidate that is truly offering Full-Time leadership. I felt that this was extremely important if we were to have any success with finding solutions to the many problems facing our city. I have offered a complete plan for improvement in my platform and stand ready to submit sensible and sound programs for action by the city council. As our city grows larger it becomes imperative that we have Full-Time leadership. I would be the last to tell you that some businessmen would not make a good mayor, just as some people from the labor unions, industry, shopkeepers, lawyers, realtors or any other group might name would also provide some good candidates for mayor. However, most businessmen agree that the complexities of modern business leave little time for outside interest or loyalties. Let's not kid ourselves. If we want solutions to our problems it will take Full-Time leadership and then some. I don't think you can be fooled and I think you want and deserve Full-Time leadership. My only loyalties are to you the public, my God and family.

We need, besides a Full-Time mayor, sound programs and long range planning so we can better utilize our existing resources and taxes. I pledge that I will not undertake any new program that would result in new tax burdens unless you the public have voted for its approval.

We must develop trust and goodwill in our relationships with our neighboring communities. There are many area wide problems that could be solved in a more economical manner if approached in a group rather than by the individual cities.

We want a cleaner city and we want pure air to breathe. We want a wholesome city that is free of crime and vice. We want a proud city with tree lined streets, plantings to hide unsightly views and we want to do away with the filth, litter and debris that blows unchecked in our streets. We want good streets, drainage and a traffic plan that cuts to a minimum the thousands of poorly planned traffic signs. We want clean attractive business districts where we can shop for our family needs and clean off-street parking facilities near our business districts.

I also have faith in the basic fairness of the vast majority of the public and I believe that all of you want to be represented fairly in all matters coming before the council table. It is for this reason that I would propose immediate redistricting so that each alderman represents an equal number of people in the important decisions that will be made.

You the public, want these things and more. We can have them. It will take hard work and it will not all be accomplished overnight and some problems will be solved after years of effort, but if the will of the people is put behind the Full-Time leadership I offer, almost anything can be accomplished.

I pledge to you, that your support on April 6, 1965 will be but the first step in the right direction. I will have to answer to you, for you will be my only boss.

Thanks again for your time and support. I hope and invite the undecided voters to join me. Your faith and trust Will Not Go Unanswered.

This message was paid for by people like you who through their donations to the Volunteers for Cruse Campaign are actively working in this campaign. Your help is needed now. Send your contribution to: Volunteers for Cruse Campaign, P.O. Box 200, Granite City, Ill. 62040. James DeVito, Treasurer.

### Venice PTA to Aid Appalachia

"Aid to Appalachia" was planned by members of the Venice PTA at a monthly meeting Monday evening in the television room at Venice high school.

Mrs. Laura Fichte, president, was in charge.

Mrs. Margaret Eck, Principal Roger Davis and Mrs. Delores Bosworth were named as the committee to nominate new officers. Mrs. Juanita Lundy reported on a western shirt sale, which will end March 16. A discussion was held on the Illinois PTA golden jubilee \$100 scholarship fund for potential teachers, and the purchase of a coffeemaker was discussed.

Literature from the National PTA on collection of books for children in the Appalachian region was read. This is a project of the PTA in cooperation with the U.S. Office of Economic Opportunity. Any form of educational literature will be accepted and books welcomed include dictionaries, encyclopedias, science books, history, poetry and fiction.

Donations may be made to Mrs. Laura Fichte, 1012 Third street, or Mrs. Shirley Fichte at the Venice public school. The drive will start immediately and will extend to June 1. The books will be distributed by the Appalachian volunteer group of college students.

The social time followed and a luncheon was served by the fourth grade room mothers, hostesses for the evening. Next meeting will be held April 12, with the seventh grade mothers as hostesses. Election of officers will be held then.

### Anchorage Club Elects Officers

Officers for the coming season were elected by the Anchorage Senior Club at a meeting Wednesday afternoon in the recreation hall.

The staff includes Mrs. Althea Motis, president; Mrs. Tena Neumiller, vice-president; Mrs. Bessie Morgan Reese, secretary; and Henry Fabian, treasurer.

A hot luck luncheon was a highlight of the meeting attended by about 65 members and guests. The latter included Rev. A. J. Schwellenbach, Alderman Donald Partney, Dale Higgins, Alderman Gene Stenberg, Mrs. Grace Ritter, Mrs. Olive Henson, Melvin Sierzinski and Alderman Gabrielle Betanc.

Announcement was made of a program to be presented at the hall by the Salvation Army Sunday evening; the community sing directed by Mrs. Reese Monday evening; and a program March 26 by "The Entertainers."

## Legion Sets Dinner-Dance In Birthday Observance

Tri-City American Legion Post 113 will highlight its observance of American Legion Week births day next week with a corned beef and cabbage dinner at 6:30 p.m. Saturday, March 20.

An orchestra change will follow the dinner. Wilbert Nieper, junior vice-commander, chairman in charge, announced the plans during a regular meeting Tuesday night.

Ed Horton, senior vice-com-

mander, reported current membership at 378, with 17 more needed to hit the 100's mark. He said the post will attempt to meet the goal in time for the Legion anniversary with a membership drive to start at 3 p.m. Saturday at the post home.

Joseph Summers, commander, conducted the meeting, and Abner Branding served as chaplain in reciting the prayers. A lunch was served after the meeting.

## Red Cross Chapter To Seek Larger UF Allocation

Tri-Cities Red Cross Chapter board members considered Tuesday afternoon seeking additional funds from the United Fund to correct an operating deficiency which has been experienced by the local chapter since 1957 when it became an agency of the United Fund.

Mrs. Ruby Overbeck, executive secretary, explained to the directors that the deficiency came about during the period of June 1957 and January 1958, when the first UF allocations were made. Prior to that time, the local Red Cross chapter had campaigned for funds each March, along with the national Red Cross drive.

In 1957, Mrs. Overbeck pointed out, the local group declined to hold its usual campaign in favor of joining the United Fund, which resulted in the six-month loss of income.

The financial discussion was initiated after it was disclosed that certain programs recommended by the National Red Cross were unable to be handled properly under the present budget. Currently, the national Red Cross is conducting its annual fund-raising drive for chapters other than those which receive funds from Community Chest or United Fund drives.

For the first time since 1940, board members elected to send the chapter president, Gerald Walters, to the national Red Cross convention, scheduled for May in Detroit, Mich., and Mrs.

Airman, Jr. Marvin Ribbing, son of Mr. and Mrs. Joseph Ribbing, 2216 Edwards street, submitted to an emergency appendectomy operation Monday at Wesley Hospital, Wadena, Minn., his parents reported. He is stationed at the Wadena Air Force base.

## Fence Gate Stolen

William McCann, 1825 Edwards street, Madison, reported to Madison police the theft of a link chain gate, valued at \$15, from the fence in front of his home. McCann reported the theft Monday and said that a snow shovel in his front yard also was stolen.

Overbeck was authorized to attend a one-day communications clinic April 24 at Bradley University, Peoria. The clinic is reported to be of special value to professional workers and volunteers in welfare agencies.

In the February home service report, Mrs. Overbeck announced loans totaling \$135 made to servicemen and a total of 84 contacts, including ten emergency leaves; one extension; four health-welfare reports; 24 other reports; one social service; one assistance with government benefits; two financial assistance; 21 counseling; one other service; and 14 information only.

R. C. O'Neill, vice-chairman, presided at Tuesday's meeting held in the board room of Granite City Trust & Savings Bank.

had been set at \$180,000, leaving the city of Venice with a share that is expected to range from \$120,000 to \$140,000, depending upon the final determination of cost sharing as fixed by the Illinois Commerce Commission.

While Venice has no immediate means of raising its share of the underpass cost, efforts are now being made to obtain the names of all holders of "A" and "B" bonds outstanding against the city-owned McKinley Commission.

Some months ago Dr. Lee advanced a plan for refinancing the underpass by increasing the city's annual bond premiums. The refinancing would permit the city to finance the underpass project out of the city's income from the bridge operation.

If the underpass plan remains in effect, jumping the city's principal payments each year, the city's proceeds from operation of the bridge, now \$100,000 per year, are expected to gradually disappear.

Dr. Lee said the railroad expects to complete all data on their part of the underpass project in time for a final ruling by the commission as to financial arrangements in the May 6 hearing.

# Youngsters Search For Missing Puppy

Four sons of Mrs. Gae Han-nah, 2236 Wayne avenue, have been searching their neighborhood for their four-month-old puppy, Ringo Star, who apparently wandered away from the house Tuesday morning.

The children's pet, a Christmas present which they received shortly after the pup had been

# Candidate Richard Fry Says No Affiliation

Richard Fry, a candidate for Sixth Ward alderman opposing incumbent Cassius Skelishish said Tuesday he has no machine affiliations and is running as an independent candidate.

Fry said, "I have stated in my correspondence which I am personally circulating door-to-door myself and not by workers or mail, that I have attended more council meetings in the last year and a half than Mr. Skelishish does this sound like any kind of machine candidate?"

"Our present alderman has not denied I have attended these meetings but has only shown his attendance record for the year prior to election. I have noted 11 times out of 29 meetings with no reason given to the clerk for absence. This is the worst attendance record of any alderman on the council. In October 1963 the attendance of the number of council meetings each alderman is allowed to miss while still being paid was amended by other members of the council.

"Anyone that has attended a council meeting can see and hear whether our present alderman is a part of the city hall machine.

"On the Nameoki road project, I do not plan to accept this single-handed, but I can promise to do more than make a few phone calls."

policies be made more efficient and effective?

3. What guidelines should be employed by the mayor in the following matters: political appointments; informing the public on actions of the mayor, city council and committees; relationship with the city council.

**Voting Turnout Drive**

The Ministerial Association, headed by Rev. Keith W. Stanford, and the Chamber, headed by Carl H. Mathias, also are co-sponsoring a "get out the vote" April 6-10 campaign and are endorsing the aid of area service clubs in an effort to encourage widespread participation in city, township, park and school elections.

Lapel buttons will be distributed through churches, business and organizations and at downtown and shopping center locations prior to the April election to remind voters of their duty to cast ballots.

The groups also are publicizing seven guidelines for school board membership. The guidelines will be listed on one side and the questions submitted to the mayor candidates will be shown on the other side of programs given to those attending next Tuesday's forum.

CHURCH GROUP NAMES Mrs. TAYLOR PRESIDENT

The Nameoki United Presbyterian Women's Association held a quarterly meeting Monday evening at the church with the president, Mrs. Irma Taylor, in charge.

Mrs. Anna Tucker gave opening devotion, read missionary names of the day and offered prayer. Present were 16 members and four guests, Mesdames Marian Watson, Gertrude Schuler, Ellen Westerklee and Jean Lybarger.

Mrs. Alta Stewart gave a program, "We Are The Women." She was assisted by Mrs. Tucker at the organ. Mrs. Tucker, worldship chairman, announced a World Day of Prayer and a Bible study institute April 25-26 at Alto. She reported plans for making cancer deserts March 18 at the church. Plans were made to attend the Spring Presbyterial in East St. Louis.

Other dates announced were meetings of the Evening circle March 21, home of Mrs. Fern Mitchell, 1512 Johnson road, and the afternoon circle March 22, home of Mrs. Loretta Gaudette, 2547 Miracle avenue, to honor their team captain, Mrs. Jessie McAlpin.

The Wilsch Florist bowling team held a pot luck luncheon Tuesday in the home of Mrs. Loretta Gaudette, 2547 Miracle avenue, to honor their team captain, Mrs. Jessie McAlpin.

Following the luncheon, the ladies played cards and a prize was awarded to Mrs. Schuler. Others present were Mesdames Evelyn Jansen, Pat Mullen and Myrtle Strain.

The hostess used a pink and white decorating theme with a table centerpiece of fresh-cut pink soapflowers. The team is third-place contender for a trip to Europe.

and announced plans for coming events. The meeting was closed with "Taps" and refreshments were served to approximately 20 parents and guests.

Others who were present were Priscilla Butler, Marie Rodeck, Deborah Brown, Rebecca Flanagan, Donna Homan, Daisy Langston, Tamara Meritz, and Judy Parrish.

# NAMEOKI PTA TO ELECT OFFICERS

The Nameoki PTA executive board met Tuesday evening at the school, with Walter Volkman, president in charge. Reports were heard and a discussion was held on by-law changes. The nominating committee will announce a slate of officers at a regular meeting Tuesday evening, with an election to follow. Girl Scouts will present a program. Other entertainment will be provided by the high school speech department. There also will be a singing of "Irish Folk Songs."

Approximately 15 were present at the board meeting.

# BOARD CANDIDATES TO SPEAK AT FRIEDHART PTA

John Gage, Friedhart PTA president, opened a board meeting at the school Tuesday evening.

The program for the regular meeting next Tuesday will be presented by Girl Scout troops in observance of Girl Scout Week. Mrs. Dea Pyle, school nurse, will explain the program on throat cultures.

A slate of officers will be presented by the nominating committee and an election will be held. Mrs. Estelle Massie was appointed chairman of a committee to collect books for students in Appalachia.

The school picnic was set for May 23, with Mrs. Mary Tappert and Mrs. Lorraine Stawar as co-chairmen. A discussion was held on students in the higher grades taking a field trip in preference to the school picnic. Proceeds from candy sales will go to the picnic fund.

School board candidates have been invited to speak at Tuesday's meeting.

Those present were Mrs. Marlene Matson, Tom Jones, Mrs. Mary Jesse, Mrs. Beverly Kraus, Mrs. Maxine Ellington, Mrs. Elsie Rodell and Mrs. Lorraine Tinker.

ANTHONY ZEDOLEK, new president of the Madison Rotary club.

# Zedolek Heads Madison Rotary

Anthony J. Zedolek, 3118 Aubrey avenue, was elected president of the Madison Rotary club for the 1965-66 year beginning July 1 at a weekly luncheon meeting yesterday.

In the banking business for 12 years, Zedolek is assistant vice-president of the Granite City Trust & Savings Bank and is a member of its installment loan department.

A world war II Army veteran, he has a wife, Loretta, and two children, Deborah, eight, and Anthony Jr., two years old. He is a member of the Tri-Cities Chamber of Commerce.

Other new officers chosen Wednesday were Harvey Miller, vice-president; Wayne Seaman, secretary; Rev. Harry Colquhoun, treasurer; Dr. J. E. Weed, sergeant-at-arms; and Lawrence Pulkes, Harry Thebeau, Leo Schermer, Fred Schermer, Alex Schenfelder and Lewis Waggoner, directors. Palkes is the current president.

Thebeau presided and John Lemon served as program chairman, presenting a film, "The Castaways," which depicted inconsistent taxing policies regarding electric power production.

Instead of a daytime meeting next Wednesday, the club will assemble during the evening at the home of Leo Schermer, 43 Terrace lane. The Rotarians will tour the Army Depot March 24.

# 21 Actual Deeds

Fleissot told the city council in a meeting March 1 that a report had been sent to the state on all negotiations. Ketterhofen, however, said he received no report until Monday, March 8, and that he was unable to determine from the report just how many cases still were pending and would have to be placed in condemnation. He said there were actual deeds available to 21 of the 49 tracts involved, and knew of others requiring condemnation.

The city attorney said that there are ten cases involving

needed title clearances that will have to be condemned, as well as nine others on which purchase agreements could not be reached.

State officials have said that condemnation proceedings may take anywhere from six to eight weeks, and that letting of a contract will require another five weeks, providing all factors are favorable.

Robert Kronst, district highway engineer at French Village, said work on the Nameoki project can get under way as soon as a contract can be let, and that efforts will be made to get part of the project completed during the late summer and fall months so that the road may be used during bad weather next winter.

## Optimism On Schools' Outlook In Campus Suit

An optimistic viewpoint on the Granite City school district's prospects in the Coolidge junior high school campus ownership lawsuit, was voiced to the Granite City school board Monday night by School Atty. Maurice Daley.

A brief has been filed with the Illinois Supreme Court asking it to hear an appeal of Madison county and appellate rulings against the district and in favor of Harold W. Kronabein, an heir of the original owner of the land. The other side now has an opportunity to submit a brief, after which the court will decide whether to hear the case.

If the Supreme Court agrees to the appeal—most such appeals are denied—it probably would schedule it for its next term starting May 10.

### Nameoki Road Widening

Because of the pending suit, it was decided to take no action on two small sections of the Coolidge campus owned by Nameoki to widen Nameoki road. The state has condemnation powers to acquire high school property and will need to condemn the school land, since the school system at this time cannot provide title to the property.

The district can provide a quitclaim deed, but a warranty deed is sought by the state highway division. An area of 81 square feet is involved at the intersection of Nameoki and Fehling roads, and a 350-square-foot area is needed at the point where Nameoki road curves into Madison avenue.

Supt. Russell D. Johnson stressed that the school system does not wish to delay widening of Nameoki road, but that cannot be avoided in this instance, and there need be no delay in instituting the proceedings, the discussions brought out.

Defendant in the state suit will be the Madison County Board of School Trustees.

Following an executive session, it was decided to refer a \$21 student injury claim to the district's providing liability insurance.

### Seek Name Suggestions

Preparatory to deciding on the names of a new grade school and a new junior high school, the board decided to seek suggestions from its own members, from the public and from the committees which helped develop plans for the two schools.

No action was taken on disposition of the former downtown post office pending a study on feasibility of it being designated as an appellate court division.

Bid awards approved were:

## MORE ABOUT Venice Park

(Continued from Page 1)

Immediately—only as need dictates.

Although Venice park district residents now pay the 10-cent rate, Hartman said the ballot will show the present rate, as 7.84 cents "so we're sure we're being completely legal about it."

The difference is a result of diverse legal opinions concerning park district taxes.

Railroads and industries paying taxes in the park district insist the 7.84-cent figure should be applied and frequently have filed tax objections to the 10-cent figure. "Sometimes the objections are allowed and sometimes they're not," Hartman said.

### 10-Cent Rate Extended

Using different legal advice, however, the Madison county clerk's office has been extending the 10-cent rate. Hartman offered the following explanation:

Years ago, the state park code allowed a rate of 7.5 cents per \$100 valuation and park districts had an option for an additional five cents by referendum. In 1935, the state legislature adopted new formulas for figuring tax

rates and the park rate was cut from 7.5 cents to 8.84 cents.

In 1955, Venice voters authorized the levying of an additional 10-cent rate. Under state law, this was automatically reduced by the county clerk by 20% or to four cents. This, added to the previous 8.84 cents, increased the rate to present 7.84 cents.

Later in 1955, the state raised the rate to 10 cents with the district having the option to increase the rate another five cents by referendum. But, at the same time, the legislature froze all existing tax rates—so Venice was stuck with the 7.84-cent figure.

Since, Hartman continued, there have been various further legislative rulings concerning park tax rates. These rulings led to legal opinions that the 10-cent rate can be applied in Venice. The county clerk's office agrees and has been collecting 10 cents instead of 7.84 cents per \$100.

"There is a great difference in legal opinion here and the argument rages on," he said.

Hartman estimates that, if there are successful objections by railroads and industries, the district's 1964 tax funds will shrink from \$44,865 to about \$40,000.

## George Mueller Dies Suddenly at Age 76

George Mueller, 76, of 2938 Marshall avenue, was dead on arrival at St. Elizabeth Hospital at 8:55 p.m. Tuesday after suffering an apparent stroke in his home. He had been in failing health for two years, but had not been seriously ill.

Mr. Mueller was born in Sumnerfield and had been a resident of Granite City for 59 years. He was a retired guard of the blast furnace department at Granite City Steel Co. He was a member of American Legion Post 113 and Disabled American Veterans.

He is survived by his wife, Viola; two daughters, Mrs. Irma Green and Miss Edna Iham, both of Granite City; three

brothers, Michael of St. Louis and Charles and Emil Mueller, both of Granite City; a sister, Mrs. Alva Treese, St. Louis; three grandchildren and 11 great-grandchildren.

Funeral arrangements are given in today's obituary column.

**Graduates From School Of Practical Nursing**  
Mrs. Ruby Koller, 2017 Fifth street, Madison, was graduated Monday evening from the School of Practical Nursing of the Board of Education, District 189, East St. Louis.

The commencement exercises were held in the auditorium of the East St. Louis high school.

**2 Fire Alarms Tuesday**  
Granite City firemen responded to two alarms Tuesday, including one at 7:45 p.m. at the home of Charlotte Quigley, 2621 East 28th street, where a boy set fire to a box of clothes causing a \$100 loss, and one at 1:45 p.m. at the garage of Joe Buscemi, 2908 Oregon avenue, where an oil furnace leaked with no resultant damage.

**Vandals Smash Windshield**  
The windshield of an auto owned by Rudolph Suchi, 1108 Greenwood avenue, Madison, was smashed by a brick, according to a report to Madison police Tuesday. The incident occurred while the car was parked in front of Suchi's home.

—GO TO CHURCH SUNDAY—

**Parked Cars Block View**  
Cars driven by Rhonda L. Walker, 1636 (rear) Delmar avenue, and Clarence J. Combs Jr., 3302 Kirkpatrick Homes, collided at 5:55 p.m. Tuesday at East 25th street and Nameoki road as Combs was making a left turn out of Kirkpatrick drive and was unable to see traffic because of parked cars.

work in process." This will not  
count against the next quota.  
Where continuation is not  
granted, a leave of absence can  
be given but will include no ben-  
efits beyond normal leaves of  
absence.  
Preference in selections will  
be given to "candidates whose  
work plans are primarily for the  
improvement of the school dis-  
trict." Specific plans to be fol-  
lowing during sabbatical leaves  
are to be submitted with the ap-  
plications.

President Daniel Linder pre-  
sided and all board members  
were present. Among the spec-  
tators was a board candidate,  
Frank Mehlke.

**Man Sleeps at Wheel,  
Injured in Accident**

Onat M. Keith, 30, of 2139  
Benton street, was injured when  
he fell asleep while driving at  
2:20 a.m. today and struck the  
front of a car owned by Albert  
Paul, 1628 Edison avenue, which  
was parked in front of the Paul  
home.

Keith's throat struck the  
steering wheel and he was hem-  
orrhaging. He was taken to  
St. Elizabeth Hospital and was  
transferred an hour later to  
Barnes Hospital, St. Louis.

**Police Find Stolen Car  
12 Hours Before Report**

Police were following a youth-  
ful motorist in a licenseless car  
about 10:30 last night when the  
youth stopped at 22nd and Ben-  
ton streets and leaped out of the  
car to flee and escape into the  
darkness.

It was not until 10:30 a.m. to-  
day that police were informed  
the 1964 Buick was missing from  
Moody's Car Sales, 16th and  
Madison avenue.

**Police Find Burglary,  
Money, Cigars Stolen**

Granite City police discovered  
a burglary at a building at 2007  
lock road at 6:25 a.m. today.  
The owners were notified and it  
was determined that about \$1  
in cash and two boxes of  
cigars were missing.

A telephone and soda machine  
were piled but not opened. En-  
try was gained by prying open  
the front door, apparently with  
a tire tool. The door had fallen  
apart and the glass was broken.

# Duck or Goose on The Loose Report

Granite City police were  
sent to East 27th and Short  
streets at 10:20 p.m. Wed-  
nesday on a report that a  
duck or a goose was on the  
loose.  
Officers checked the area  
and determined that if there  
was any looking going on,  
the fox had either gone to  
roost or a quacking motorist  
passed by.

# Aram Hanoian Dies At 73; Ill 6 Months

Aram Hanoian, 73, of 706  
Niedringhaus avenue, died in Mc-  
Millan Hospital, St. Louis, at 4  
a.m. Wednesday, following an ill-  
ness of six months. He had been  
a patient there six days. Death  
was due to cancer.

Mr. Hanoian was born in Ar-  
menia and had been a resident  
of Granite City six years. He  
was a retired operating of a St.  
Louis cleaning and dyeing estab-  
lishment. He was a member of  
Armenian Apostolic Church, East  
St. Louis.

Survivors are his wife, Anna,  
and a cousin, Mike Hanoian of  
Granite City.

Funeral arrangements are given  
in today's obituary column.

# Street Patching Takes 90 Tons of Materials

The Granite City street depart-  
ment this week is using nearly  
90 tons of patching material to  
fill holes that developed in streets  
during the winter. Supt. Ward-  
field reported this morning that  
the materials already have been  
spent on the job by four crews.

"We should be getting finished  
and just need one crew tomor-  
row," Wardfield said. Considerable  
repair work was needed along  
Johnson road, a portion of West  
Pontoon road, Wabash avenue,  
Jill avenue as well as along  
concrete streets where holes de-  
veloped, he added.

# Shop Entered, Damaged

Nothing was taken by bur-  
glars who caused considerable  
damage Tuesday night when  
they smashed a rear window to  
enter Fred's Automotive Service,  
1400 State street, and then broke  
a window to the office, forced  
open a filing cabinet and pried  
open a safe inside the cabinet.  
The break-in was reported by  
Fred Roman.

# Fractures Wrist

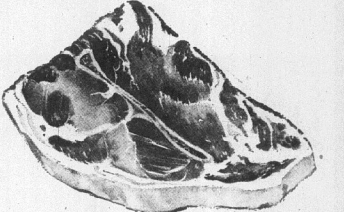

Mrs. Dinah Jackson, 82, of 31  
Lee Wright Homes, Veale, is re-  
ported in fair condition today at  
St. Elizabeth Hospital, where she  
was admitted Tuesday with a  
fractured right wrist incurred  
in a fall at home.

Public Office -- No Bed of Roses

(Below are comments originally published in the Frontier Enterprise, reprinted in the Illinois Municipal Review.)

Turning for a public office and using it properly are two different things. Sometimes a man finds after election that the job is more difficult and less glamorous than he expected.

The vast majority of public officials are well-intentioned—perhaps more so before election than after, but many are convinced that an official genuinely desires to make use of his experience in business, industry or other public service to benefit the community he serves, whether that service is on a school, town or village board or in any other office, state or national.

It is after a successful candidate takes office that the metamorphosis sets in.

He goes in with concrete ideas about how he would like to clear up a questionable situation, how he wants to make sure that taxpayer's money is spent more wisely and how he can best foster community growth and improved community services.

**Desire To Get Along**

But, as so often is the case, especially in smaller communities, the successful candidate finds that he is swallowed up by a universal desire to get along with his fellow man, to avoid involvement in an overt controversy or to take a chance that his statements may be interpreted at the hands of a well-intentioned but over-zealous press.

He succumbs to the rationalizations of fellow public servants that to avoid unfavorable publicity is desirable and that to avoid a situation not conducive to reelection is just common sense.

And before he knows it, the successful candidate is being pulled away from those things he intended to do after he got elected.

**Low Salary Level As Excuse**

When "antagonism" in the form of constructive criticism toward the official's statements or actions comes, as it should—since our form of government

Continued Delay, Confusion

On Widening Of Nameoki Road

Strange things are happening — still — in regard to widening of Nameoki road, and frustrating delay continues.

District Right-of-Way Engineer Kettenhofen only three days ago received a "final report" which the city council was told ten days ago already had been made.

Checking with him yesterday after he had had an opportunity to study the report, the Press-Record learned that about 19 of the 49 Nameoki road tracks still are preventing the Illinois Division of Highways from proceeding. City Attorney Filcoff then reported that the 19 sections of ten on which condemnation will be necessary due to title questions, and nine on which the owners rejected first offers.

The city takes the position that its report was sufficient, but that it is willing to provide the individual site files requested by Kettenhofen in a letter sent Tuesday. However, receipts are needed for final notices mailed by the city March 3, in order to complete the files. If some of the parties fail to pick up their registered mail, it will be March 23 before postal authorities can certify non-deliverability. Filcoff then sent the list of the files to the state.

It has been a kind of "ring around the rose," fully as frustrating to citizens as to the participants. Even the number of tracks involved was not disclosed by the authorities until it became apparent to both the city and state that each was blaming the other for inaction.

The key point remains this — Nameoki road improvement is a "must" for this year. Until everyone involved gives the high priority that it deserves, there will be no diminishing of interest on the part of the local public.

Disappointing Double Standard

On Death Penalty In Illinois

The decisive Illinois House vote to let but abolish the death penalty was extremely disappointing to many law-abiding citizens of the state: inexperienced members provided the biggest margin, 48-28, but veteran legislators also favored restricting capital punishment, by a 49-41 proportion.

The only hope of avoiding such a serious mistake now rests in action by the Illinois Senate, or veto by the governor.

The curious double standard which was decided upon retains possible death sentences for those convicted of treason, slaying of a prison official or guard, or murder during a felony of an on-duty officer. It also retains the death penalty for those least able to pay.

**Will Oppose Sales Tax Hike**

It is hoped that the House vote was a foreboding indication to the powers-that-be that I cannot support an increase in the state sales tax. We already have the highest tax of any state on a load of bread and a pound of butter.

There are also some who look to revision of the revenue article in the state constitution as a means of solving the long-range problem. This does not, of course, bring any revenue in during the next two years. In addition, I see no disposition at this stage of things for the legislature to revise the revenue article.

That is needed, all admit. But there is a great variety of opinion as to how it should be achieved.

All of these means that revenue — both the pressing needs and the long-range solution — must be found in this session.

Next to reorganization, reform of the state income tax in which we must act.

**REPLIES TO MADISON WHISPERING CAMPAIGN**

To the Editor:

As most people already know, my husband, Albert Burns, is running for mayor of Madison.

There seems to be a "whispering campaign," and the only way to bring it out in the open, I feel, is to let the public know that I will continue to patronize his services in the future, regardless of any article printed in the newspaper or that of any person.

**NEED FULL-TIME MAYOR, INTERESTED IN PEOPLE**

To the Editor:

To have a good mayor of Granite City, four points are needed:

1. Full the office full-time. 2. Keep up the interest of the people in mind at all times. 3. Be at a telephone call. 4. Be in favor of organizing.

MRS. ROBERT L. BURNS

EDITORIAL

With national attention currently centering on crime, and the fact that it is unsafe to walk alone in a growing number of communities, Illinois now proposes to move away from rather than closer to, effective enforcement of law and order.

Stronger Urban Voice In County Board Membership

As an attempt to implement the "one man, one vote" court ruling in county board representation, House Bill 621 deserves serious study. Whether this specific proposal is the one that should be given final approval can be determined after it is objectively compared with other possible apportionment procedures.

The bill would set up supervisor districts varying in number from three to 15, depending on a county's population. Based on the last census, Madison county would have a nine-member board with one member for each 25,000 people.

This would entitle the Quad-Cities to three supervisors. But to give every area of the county some representation, it probably would be necessary to cross township lines and create districts of unusual shape and grouping.

Not result might be that the Quad-Cities would be the principal incorporated area in one district, with Granite City dominating two others extending into rural sections.

Net result might be difficult district line decisions, complicated by political considerations, but there would be a much stronger voice for the urban point of view in Madison county legislative deliberations.

Accidental Poisoning Still A Leading Killer Of Children

Appeals to curb accidental poisoning of children are so fundamental that they may arouse little interest. Of course, a reader might conclude, everyone is sorry about such unfortunate occurrences and does all he can to avoid them.

But the fact is that the problem is far from minor, and that most parents do not do all they can to prevent it.

Every year, more children under the age of five die from poisoning than from diphtheria, polio, typhoid, measles and scarlet fever combined.

Hospital emergency rooms throughout the Illinois Metropolitan Area are kept busy treating youngsters who have followed their natural curiosity and consumed bleach, turpentine, gasoline, kerosene, medicines not intended for them, excessive amounts of aspirin, etc.

During National Poison Prevention Week, March 14-20, adults and others responsible for child care are being urged to:

Keep medicines and household products out of reach and out of sight, preferably in a locked cabinet or closet.

Keep internal medicines separately from other household articles to reduce the possibility of making a mistake.

Keep household products in their original containers. Cups, drinking glasses and soft drink bottles signify food and drink to a child, regardless of what they might actually contain.

Be sure that all products are accurately labeled, and read the label before using.

Avoid taking medications when children are present; they tend to imitate adults.

Turn on the light when giving or taking medicine, many children look alike and feel alike in the dark.

Do not refer to a medicine as candy. Clean out the medicine cabinet regularly. Pour old medicines down the drain, rinse the container and discard.

When all precautions fail, prompt diagnosis and care are important. Hospital poison control centers are equipped to provide information and aid.

Freedom's Meaning

Communists and fascists are obsessed with a determination to control and rule the people. They suppress free speech, free press and free elections because they dare not submit their authoritarian leadership and their arbitrary methods to public discussion and a secret vote of the people.

**ALL SHOULD HELP HALT SIGN DAMAGE, THEFT**

To the Editor:

It is with regret that I make public the existence of an organized effort to destroy the yard signs that are typical in a campaign for local public office.

It is with some disgust, but with much sympathy for the poor souls who have to resort to tactics of this sort, that I mention the problem at all.

We said then that we would have a sign put up for the remaining candidates to picket them. The two years are here and the sign is still there.

Mrs. Bettine claims that the people have a right to know the names of the candidates. We agree with her, but we know she helped to bring this distrust because she was afraid of the garbage contract against the welfare of the people of Granite City.

We need trust in the administration and Don Partney is the man who may bring it back.

In the 6th Ward, I favor Richard Fry for the four-year term. I am not a sign put up for the good wishes of the property owners. I know both to be a good-fearing, intelligent and reliable family man who can hasten the return of trust and dignity to our city. Skushak also voted for Fry.

These signs do cost money, and a lot of effort is expended by volunteer workers in erecting

GRANITE CITY PRESS-RECORD

**MARCH 12, 1915**

J. P. Baker was elected mayor of Granite City Lodge No. 1083, B.P.O. Elks, at the annual election of officers. Others named were R. W. Walker, Joseph Knight; Joseph Miller, local knight; Roy Huggins, secretary; J. Lind, treasurer; Elmer Lynch, past exalted ruler; and H. Bricker, trustee, three-year term. Elmer Lynch was also elected delegate to represent the local lodge at the national convention to be held in Los Angeles.

The largest number of votes ever cast in a primary election in Granite City was cast in Tuesday's primary when nearly 4000 votes were recorded. Women featured the campaign by their activity for the various candidates, and practically half of the votes were cast by them.

Mrs. Morgan LeMasters entertained the Ladies Coleridge Club, a group of 20 women, at charge of the program.

Mr. and Mrs. E. W. Link, 2267 State street, and the latter's mother, Mrs. Mary Jacobs, attended the observance of the wedding anniversary of Mr. and Mrs. J. T. Prongue in St. Charles, Mo.

Mrs. and Mrs. Hugh Stewart, 2228 Madison avenue, entertained friends Thursday evening with a virology party and candy pull at the home of their son, James. Among those present were Miss Clara Ward and Mrs. Arabelle Graham of St. Louis, Marie

Allice and Alvin Smith, Mr. and Mrs. R. L. Thomas and infant son, Mr. Albert Earl, and Miss Mary Stuart.

The Matron's Literary club was entertained in the home of Mrs. C. C. Harlan in Madison. Mrs. C. C. Kiser gave a report of a meeting she had attended in East St. Louis. A paper was read by Mrs. J. A. Uffers, followed with two vocal selections by Mrs. C. A. Uffers.

A talk on "Gold and Silver in Pore" was given by Mrs. Berna Adams. Guests were Mesdames Stout, Trott and Neff and Meses Allison, Grover and Uffers.

Louis Schmidt, local roller skater, captured the championship of Southern Illinois in a hotly contested race in East St. Louis. Ray Lofsky, another local skater who is coming rapidly to the front, was a close second.

Practically every Granite City high school student and several dozen citizens accompanied the high school basketball team to the Wahash depot yesterday for the observation of the Illinois championship tournament, which opens this evening in Decatur. The team is in splendid shape and Prof. Parrish and Assistant Coach Ray Lofsky are confident of the team to bring back the state championship.

25 YEARS AGO

The following items were taken from the files of the Granite City Press-Record

**MARCH 11, 1910**

"On to Champaign," sang the Happy—and we mean happy—as the final whistle ended their 36-22 victory over Wood River in the finals of the sectional high school basketball tournament Saturday night at Highland.

It was his first second trip in three years to the state meet. Granite City's first opponent in the state competition Thursday night was the Streator, Ill. high school, which defeated LaSalle, Mo., 40-23 in its own section.

It was the state tournament is somewhat of a nervous ordeal for most high school youngsters, and three years ago something like this sort caused the Warriors to lose a 15-point lead in the last half of their first game—and the game was over.

Several hundred local fans are expected to accompany the team to Champaign this year and whatever support they can get to the team's morale, so that a record of the 1937 track and field team.

Pandemonium broke loose after the Granite City-Wood River game Saturday night, for it was even more than the important sectional finals that caused the riot. It was the meeting of two powerful quints and the ultimate encounter from which there was no recourse.

Three times before the sectional final, these two teams had met and twice Wood River went home victorious. On the occasion of their first win, they were given a tie for the Southern Illinois Conference championship, and the next time they defeated Granite City in the regional tournament championship.

When the Happy Warriors arrive in Champaign, they will have among them an outstanding basketball player. He is standing despite the fact that the Warriors are outstanding as a team, and despite the fact that teamwork is the important thing to all players.

It's a fact, he just can't help it. He is Arnie Philip, rated one of the best high school basketball players in the state. He's a senior.

Arnie scored 14 points against Wood River in the sectional final. He was here, there and everywhere. But so were Hagopian, Parschian, Gages, Miller and Elford. It was team effort.

Let's learn to respect the rights of others and please report anyone damaging a yard sign.

CITIES EXPERIENCE OF INCUMBENT ALDERMAN

To the Editor:

"They that govern the most make the least number of mistakes," said the late Senator Stephen A. Douglas in his letter in your March 1 edition, which was published in the Ward and this city to express an opinion relating to candidacy for this ward?

Furthermore, since he resides out of town and state, by what authority does he believe he can advise the people of this city?

I will again cast my vote for the incumbent, Casper Skushak, who has wholeheartedly contributed his best to all issues facing this ward and community.

It is the surest standard by which to test.

SIDELIGHTS from SPRINGFIELD

By Sen. PAUL SIMON

The unpleasant fact is that there will have to be some sizeable tax increase before this session of the legislature is completed.

The increasing costs of education particularly will force up the total expenditure of this session. The most conservative sources recognize that there must be a tax increase. The Chicago Tribune, for example, has recognized that there must be a two-cent increase in the gasoline tax.

In addition to more money for cities are facing difficulties and ways will have to be provided to enable those who need more money to get it. This will not be a state tax, but it comes out of a citizen's pocket just as surely as if it were a state tax.

For increases in the state tax we face several possibilities.

**Choice 1: A state income tax of one or two per cent with a reduction in the corporate tax and elimination of the personal property tax, perhaps up to 50 per cent.**

In my opinion this is the fairest approach to the problem. It is the solution favored by most states — but will not take place this session.

The governor has announced his opposition and it is doubtful the Senate would pass it even if he favored it. Both parties are in record against a state income tax.

**Choice 2: A number of smaller taxes, including a two-cent increase in the gasoline tax.**

This would raise the state tax but will run into a hornet's nest of opposition.

To the Editor:

As most people already know, my husband, Albert Burns, is running for mayor of Madison.

There seems to be a "whispering campaign," and the only way to bring it out in the open, I feel, is to let the public know that I will continue to patronize his services in the future, regardless of any article printed in the newspaper or that of any person.

## Park District's Winter Carnival Tonight

The second annual "Winter Carnival" of the Granite City park district, slated for 7:30 to 11 p.m. in the GCIS Memorial gymnasium, is expected to attract an audience of 2,000, according to Park Supt. Harold Brown, who added that tonight's attendance should exceed last year's crowd.

More than 600 youngsters and adults will be participants in the carnival, which will feature gymnastic exhibitions, tumbling, basketball, square dancing, wrestling and hockey demonstrations and singing by pro-

school-age children. A free exercise routine will be performed by Miss Linda Buhldel, who in April will represent Granite City in the U. S. Gynmnastic Association's national tournament at Nashville, Tenn.

Park Board President Barry Loman will serve as master of ceremonies, and Warren Simpkins, GCIS vocal music instructor, will sing the national anthem. The welcoming address will be given by Milton E.

Worthen, park district vice-president, and Park Commissioner Milton Allen will introduce honored guests.

Admission is free but by ticket only. Brown explained. Over 2,000 tickets have been distributed to families of children who participate in the winter recreation program. He added that no tickets will be issued at the door.

Those who will direct tonight's program include Walter Whittaker, Mrs. Helen Bjorkman, Pete Robinson, John Birdsong, Miss Cheryl Oranhood and Supt. Brown.

## Last Rites Held Today For Jos. T. DeRuntz, 70

Funeral services were held at 9 a.m. today for Joseph T. DeRuntz, 70, of 2145 Grand avenue, who died at noon Monday in St. Elizabeth Hospital after an illness of nine months. He had been a patient in the hospital three weeks. Death was due to cancer. Burial was in Calvary Cemetery.

DeRuntz was born in St. Louis and had lived in Granite City for 37 years. He had been an engineer with the C&E railroad for 47 years. He was a member of St. Joseph's Catholic church, the Brotherhood of Locomotive Engineers, Division 724, the Granite City Association for Aid to Retarded Children, Knights of Columbus 1068, the Fourth Degree Assembly and was a past Grand Knight of the Knights of Columbus.

He is survived by his wife, Mrs. Helen DeRuntz; four daughters, Mrs. Nick (Helen) Messmer of St. Louis, Mrs. Mary A. Windisch of Okinawa, Sister Kevin Ad. PP. S., Belleville, and Miss Barbara DeRuntz; five sons, Master Sgt. Joseph John DeRuntz, Fort Leonard Wood, and Gene, James, Robert and Lonnie, all of Granite City, and 20 grandchildren.

Funeral arrangements are given in today's obituary column.

## Church Banquet to Open \$6500 Advancement Drive

A banquet will be held at the Rose Bowl Saturday at 6:30 p.m. to mark the beginning of the Christian Advancement program of Peace Lutheran Church, 2430 Stratford lane, according to an announcement by the pastor, Rev. Carl L. Johnson.

The speaker will be Rev. William Hoyer, pastor of St. Mark's Lutheran Church, LCA, St. Louis. Serving as hostesses will be Mrs. Elsie Unger, Mrs. Ma-

ria Baker, Mrs. Rose Henderson and Mrs. Marita Knapczyk.

The church's Christian Advancement committee met recently with a representative of the LLM in New York City to plan for a capital fund drive beginning April 1. Peace Church is just completing its original two-year building fund pledge period. The present advancement program will run for one year. The goal is \$6500.

The committee consists of Frank Frandsen, general chairman; Jack Lawson, advance visits chairman; Arvell Froelich, organization chairman; C. Ray Kinder, audit chairman; Mrs. Peter Wildermuth, dinner arrangements; and Willi Seim, publicity.

## \$25,000 Suit Filed Over Fall on Steps in Venice

A \$25,000 suit has been filed for Linda 'Bukavac' against James W. Woodrone of Venice in Madison county circuit court in Edwardsville.

The complaint states that Woodrone owns a house at 634 Lincoln avenue, Venice, part of which is leased to Mrs. Edna Ritz, and that on March 30, 1963, while the plaintiff was visiting Mrs. Ritz, she slipped and fell on the porch steps, causing injuries. The complaint alleges negligence in that the steps and porch were in a state of disrepair.

## Alton Motorist is Arrested After Crash

Two autos were damaged and a motorist was arrested on two charges at 11:30 p.m. Monday as the result of a collision at Eighth and State streets in Madison. Police charged George A. Tom, 24, of Alton, with improper passing and leaving the scene of an accident after his car collided with one driven by Eugene C. Epperson of 2320 State street. Epperson's car was knocked into a building at 744 State street. Tom posted his driver's license as bond for a hearing March 20.

We have but the council to blame.  
The pollution we breathe every day  
Comes with the high taxes we pay  
Up to now the Machine was the Boss—  
And this has been our city's loss.  
Our council members have had fun,  
But got so darn little done.

### Salary Boosts Help Raise Nameoki Township Budget

An increase of \$6405 in the total amount of the new Nameoki township budget of \$113,745 for the 1965-66 year is represented partially in two salary increases in the town fund, a detailed breakdown of the new budget showed today. The budget is subject to approval of township residents at the annual town meeting April 6.

Any changes in salaries become effective only with the beginning of new terms. Voters will elect a clerk and town auditors in the April 6 balloting, the same day as the town meeting, so that new salaries will be in effect at the beginning of new terms.

The budget includes a total of \$41,850 for town fund purposes, of which \$20,690 is in salaries for town officials. Last year the total for town purposes was \$37,445, of which \$18,125 was for salaries.

**Salary Boost for Clerk**  
Salaries listed in the new town fund section of the budget includes supervisor's salary \$1450, same; town clerk \$2500, up \$1265 from last year's \$1235; assessor \$4000, same; highway commissioner \$4940, same; town auditors \$2400, up \$800 from last year's \$1600; ambitious \$1600, same; supervisor of assistance \$2700, same; health officer \$100, same; and \$2500 for deputy assessors for which there was no budget item last year.

Other town fund items in the new budget, compared to those of last year, include \$1200 for

### Bridge Traffic Volume Becoming Stabilized

After some ups and downs in recent years, McKinley Bridge traffic volume appears to be stabilizing, a monthly report disclosed today. The 1966-67 first-five-month total is almost identical to that of a year ago, 1594,220, and two years ago, 1,571,680.

The past two fiscal years have ended with similar traffic totals. The record of 4,871,746 in 1962-63, a -4,864,745 in 1963-64 and the record of 4,871,746 in 1962-63.

**\$15,000 Dram Shop Suit Filed Against 2 Taverns**  
A \$15,000 dram shop suit has been filed for Jewel A. Patterson of Granite City against Mary Boner, doing business as Mary's Tavern, and the DAV club of Granite City, in circuit court at Edwardsville.

The complaint alleges that Mrs. Patterson was a passenger in an auto which collided with one driven by James Jordan, who had become intoxicated at the two establishments. She claims to have suffered permanent and severe injuries.

The new budget is on file at the Nameoki township office. A public hearing will be held March 30 and the budget, which is subject to revision in the public hearing, will be given final approval during the annual town meeting to be held April 6.

### Relief Cases Up In GC Township During February

Relief cases increased in Granite City township during February with 42 new or reopened cases and 28 case closings, it was reported at the office of Supervisor Nelson Hagmann.

Relief costs also jumped to \$13,027 for the month, compared to \$8989 in January. A number of old medical bills were included in the February cost total as the township closed out its fiscal year on Feb. 28, it was explained.

During February there were 328 persons getting relief assistance involving 107 families. The January totals were 74 cases or families with 276 persons. In February 1964 there were 126 cases with 380 persons and the costs were \$7528.

The relief expenditures during the 1964-65 fiscal year totaled \$83,450, compared to \$87,182 in the 1963-64 fiscal period.

### Three Local Marines In Assault Exercise

Marine Pfc. David L. Dunnivant, son of Mr. and Mrs. Everett L. Dunnivant, 2089 Troy street, Madison, and Marine James T. Watson, son of Mr. and Mrs. Thomas E. Watson, 21 Greiner Homes, Madison, along with Granite City Marine Pfc. Lee H. Adams, son of Mr. and Mrs. Robert Adams, 1802 Brown avenue, are participating in a major fleet training operation, "Silver Lance" off the coast of California.

More than 60 ships and 50,000 Navy and Marine Corps personnel are involved in the 18-day operation. Units are receiving training in strike, anti-submarine, mine and countermine, anti-air, and electronic warfare. All three men are members of the Marine Corps First Division stationed at Camp Pendleton, Calif. During the maneuvers, Adams' unit is providing supply and other support to the sea assault force, while Marine Watson, a member of the First Shore Party Battalion, is part of the group directing the overall traffic on the assault beach. Marine Dunnivant of the Fifth Marine Regiment is part of a group acting as the enemy force.

### Savings Bonds Sales In County—\$448,464

Madison county residents purchased a total of \$448,464 in series E and H United States savings bonds in January, according to Henry D. Karandjef, local banker and general county chairman of the savings bonds committee.

In the state sales of both series were \$3,280,005, according to Arnold J. Ratner, state director of the Treasury's savings bonds division. This is 10% below the total for January of last year and represents 79% of national sales which were \$430,764,000.

### February Freight Volume Reduced at Canal Locks

Freight tonnage passing through the Chain of Rocks canal during February totaled 1,830,645 tons, a drop of 320,410 tons below the upriver and downriver freight traffic in January, according to a report released today by the U.S. District Corps of Engineers.

Last month's total freight tonnage also was a decrease of 93,385 tons below the 1,945,830 tons passing through the locks in February 1964. Total number of craft passing through the locks also decreased from 3259 in January to 2550 last month. In February a year ago, 3356 vessels passed through the locks. February shipments combined with those of January, however, brought total freight tonnage to 4,021,700 tons for the two months, compared to 3,476,335 for the two months in 1964.

Commercial freight passing through the locks last month included petroleum products, 253,325 tons upriver and 182,600 tons downriver; grain, 11,200 tons upriver and 83,730 downriver; coal, 62,250 up, none

down; cement, sand and gravel, 14,400 up, none down; sulphur, 49,500 up, none down; miscellaneous commodities, 169,825 up, 42,400 down; iron and steel products, 3000 tons up, 73,620 down, and chemicals, 79,475 up, 23,250 down. This was a total of 1,849,945 tons in commercial freight, with an additional 700 tons of government freight increasing the total to 1,850,645 tons.

The report showed that 511 towboats and 2025 barges passed through the locks, both up and down river, during February, a decrease below the 619 towboats and 2659 barges using the locks in January.

Only one private recreation boat used the locks during February. Other vessels passing through the canal included three government towboats, eight government barges and two patrol boats. There was a total of 464 lockages during February, compared to 584 in January. A year ago there were 611 lockages during February.

### Granite City Woman Named Defendant

A \$20,000 damage suit has been filed in Madison county circuit court against Lorene L. James of Granite City and Susanne Summers of St. Clair county for Richard A. Moore as a result of a three-car collision on Dec. 8, 1963, on Highway 163 between Belleville and French Village. Moore claims severe injuries and charges negligence on the part of the other two drivers.

## Press-Record YOUTH FOCUS

### Three Coeds at EIU Get Sorority Positions

Three Granite City students at Eastern Illinois University, Charleston, have been installed into positions of Delta Zeta sorority.

They are Miss Carolyn McRaven, daughter of Mr. and Mrs. Thomas H. McRaven, 2581 Iowa street, vice-president in charge of rushing; Miss Sally Stieb, daughter of Mrs. June Stieb, 2261 Pontoon road, social chairman; and Miss Sandra Johnson, daughter of Alderman and Mrs. Ford G. Johnson, 2501 Lynch avenue, philanthropic chairman.

### Makes Honor Roll

Eileen Watt, daughter of Mr. and Mrs. Robert S. Watt, 5 Riviera drive, has been named to the dean's academic honor roll because of outstanding scholastic attainment during the first semester at Quincy College. A graduate of St. Teresa Academy, East St. Louis, she is a freshman majoring in psychology.

### Wins Scholastic Honors

Miss Karen Hene Tegel, daughter of Mr. and Mrs. Walter David Tegel, 1400a Madison avenue, Madison, has been selected for membership in Alpha Lambda Delta, national scholastic honor society for freshmen women at the University of Illinois, Urbana.

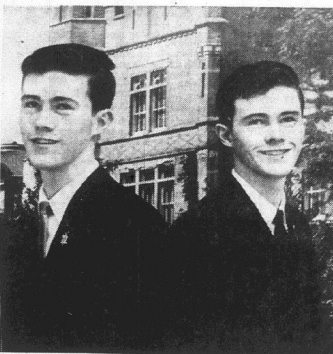

Miss McRaven is a sophomore math major and is a member of Kappa Mu Epsilon, honorary mathematics fraternity. Miss Stieb is a sophomore elementary education major and is a member of the union board. Miss Johnson also is a mathematics major.

### Three Named to Fraternity Offices at Rolla, Mo.

Thomas E. Ferguson, 2154 Lynch avenue, has been elected president of Triangle fraternity at the University of Missouri at Rolla, and two other Granite City students were elected to other offices.

They are Gerald Eugene Heffley, 2632 East 28th street, treasurer, and Richard Wayne Hahn, 2521 Angella avenue, has been elected assistant steward. Ferguson is a senior majoring in nuclear metallurgy. Heffley is a sophomore majoring in electrical engineering. Hahn is a sophomore majoring in civil engineering.

With more than 20,000 full-time students enrolled at its major campuses, Southern Illinois University in 1964 ranked 21st largest in the United States.

**PARLAY.** Twins Tom and Ed Murphy, attending Southern Illinois University at Carbondale on \$4000 scholarships, hit something like the daily double when they both made straight A's their first term in school. The Granite City freshmen attend the same classes, are roommates and plan identical careers in printing management.

## Murphy Twins Parlay Brains, Ambition at SIU

If Tom and Ed Murphy were longed to the National Honor Society, their mutual interests they'd undoubtedly go for the in printing were spurred by the gift from their grandfather — a small flatbed press. They set it up in the Murphy basement, did single mind: hit the books, and a modest business printing business cards.

They were born four minutes apart, their Lincoln avenue address in Granite City is a complex multiple of four (2412) and they finished four places apart in their Granite City high school graduating class ranking last June.

But they parlayed the number one to a big bundle when they decided to go to college. The identical twins applied for and won four-year, \$4000 scholarships from the Graphic Arts Institute to study printing management at Southern Illinois University at Carbondale. Only a dozen of the coveted awards are made each year.

Now, though, it looks like the look-alikes are switching to a different magic number. Each scored a perfect 5.0 grade average for the first term at SIU, and they're off and running for a repeat this quarter.

Mostly inseparable. The 19-year-olds, sons of Mr. and Mrs. Edwin Murphy of Granite City, have grown away from dressing identically, but in almost every other respect they are inseparable. They are roommates at their off-campus residence hall and by some freak of sectioning, their class schedules are exactly alike.

Both were inducted into Phi Eta Sigma, men's freshman scholastic honorary fraternity, after their stellar fall quarter performances.

## High School Youths Suggest Solutions For Traffic Safety

Donna Hillen, 2125 Richmond avenue, a Granite City high school student, was named a vice-chairman of the Collinsville regional youth conference of high school delegates from 13 southwestern counties last Saturday. It was one of eight regional conferences in the state held to find solutions to the problems of traffic control and accident prevention. Sponsors are Gov. Kerner's official traffic safety coordinating committee, the office of the superintendent of public instruction and the Illinois High School and College Driver Education Association.

## Earlier Programs

Safety programs should begin earlier in school and advanced classes in driver training could be established; teenagers are influenced by family, church, school, civic and social leaders, and the community should take more interest in youth and their problems.

A safety check program at schools, checking condition of cars driven by students; formation of traffic safety councils or committees in all Illinois high schools to study the teenage traffic safety problem and take steps to remedy the obvious maladjustments.

Development of interest of all school officials to foster expanded traffic safety activities within the school; development of a program giving recognition to safe drivers; promote safety at dances and athletic events and have more authority over transportation to these events.

Give recognition to good drivers rather than running down the bad drivers; bring the recommendations to the attention of local officials with responsibility for traffic control and accident prevention and offer assistance in handling the teenage drivers and pedestrians — especially in relation to the problem child.

Develop more and better film showings of traffic safety subjects in high school assemblies to inculcate proper performance standards and safe activities within the school; and with the assistance of police, courts, local civic-minded agencies and traffic safety councils, form teenage driver traffic courts to develop discipline and order among teenage drivers and pedestrians — especially in relation to obnoxious driving.

She is a service and respect for lawful authority.

## Latin Students Set John K. Veizer in Training Slave Sale Monday For Work in Peace Corps For Ides of March

The Latin department at Granite City high school will hold a "slave sale" Monday to correspond with the date of the Ides of March.

They will go to the highest bidder after school in Room 203 with Jack Farrow serving as the auctioneer.

The "slaves" will be Donna Hillen, Sandy Stallings, Mike Andria, Dave Dullinger, Pam Swan, Ronald Turner, Jane Johnson, Ray Heath, Vicki Wilson, David Bradford, Jenna Schweidenman and Claudia Thompson.

Latin week will be celebrated the week of April 19 as of April 21 traditionally is considered as the date of the founding of Rome in 753 B.C. It is an annual affair in all schools with membership in the Junior Classical League.

The Illinois branch of the league has chosen "Latin Illumines the Past and Present" for its theme and "Keep the Torch Burning" for its slogan. The objective of the work is to make the Latin classes, school and community aware of the religious and cultural significance of the Ides of March.

Latin students will make posters of famous ancient quinquages. Miss Andria and Jeffrig is the faculty sponsor.

John K. Veizer, son of Mr. and Mrs. John Veizer, 1817 Pontoon road, currently is in training for the U. S. Peace Corps at Southern University & A. M. College, Baton Rouge, La.

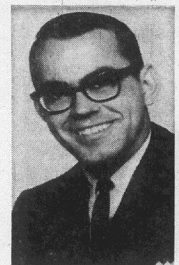

He is to receive an agricultural assignment to Guinea, a new nation located on the west coast of Africa, for a two-year period upon completion of training.

Veizer recently received his bachelor's degree at the University of Illinois with a major in English. He first was interested in teaching English to foreign students, but there would have been a delay until June for that type of assignment, according to Mrs. Veizer, and he accepted one in agriculture extension.

He left for Louisiana on Feb. 13 for three months of training, including French and agricultural courses.

Veizer was graduated from Granite City high school in 1961 and was the valedictorian of his class.

While abroad, he will receive allowances for food, clothing, housing and incidentals and receive a termination payment at the rate of 11 cents per hour. The Peace Corps is now in operation in 47 countries.

## \$160 Donated to Korean Orphans in GCHS Drive

The Granite City high school student council collected \$160 in its recent CARE drive, all of which is earmarked for Korea. It exceeded last year's collection of \$120.

Last year a Korean orphanage received one of three contributions to the needy overseas, and a letter of gratification, describing the uses of the money, was returned.

The orphanage used the money for food as the children were too weak to attend school. They now receive a hot meal at least once a day if they attend school. The students hope the funds will be sufficient to continue the program.

## GOP Teens to Visit Legislature April 20

The Teen Age Republican Club met Monday evening in the home of the sponsor, Mrs. Vernice Wortman, 2460 Washington avenue, to plan a trip to Springfield.

Officers answering roll call were Kendall Danner, president; David Koomig, secretary; Danny Monken, treasurer; and Keith Danner, public relations chairman.

A new member, Richard McAllister, was enrolled and the club voted to send a card to Mike Poyner, a member who was injured.

Rep. Ralph T. Smith will be host to the club April 20 when the group visits the state legislature. Walter J. Ende, candidate for assistant supervisor, addressed the club.

Keith Danner urged the group to publicize "candidates night" March 18 at the YMCA, when the Republican Women's Club will introduce all candidates for office.

Plans were made for the teenagers to participate in a Republican rally scheduled for April 15 at 7:30 at the "Y." Mrs. J. E. Glasgow and William Noid are to be co-chairmen.

Prizes were won by Richard McAllister and Keith Danner.

### Summer Science Course At SIU Remains Open

Applications are still being accepted for Southern Illinois University's summer science training institute for outstanding high school students, sponsored by the National Science Foundation.

Deadline for applications is April 1, and participation will be limited to some 50 top applicants. The institute, beginning June 21, will offer study in areas of psychology, physiology, engineering, physics, physical sciences and information theory. The latter includes both operational and computer mathematics.

Associate Prof. Howard J. Stains of the SIU zoology department, who will direct the eight-week program, said students with outstanding records but who are financially pressed should not hesitate to apply as financial assistance may be possible through a National Science Foundation grant.

## New Census Could Boost MFT by \$35,000

Granite City would receive \$35,238 more per year in motor fuel tax refunds from the state if a new mid-decade census revealed the same rate of population increase as the period of 1955 to 1960, it was reported today.

Such an additional income would be more than sufficient to offset the cost of the census and provide the city with the additional annual income thereafter, as well as providing the population figures necessary to redistricting Granite City's 10-sided wards.

The regular government census in 1950 gave Granite City a population of 29,445, but by 1955 the city's growth convinced authorities a mid-decade census should be made. Such census work is financed by the city which pays the workers and

enumerators. That census increased the population figure to 34,200, up 4753 persons over the 1950 official figure.

When the regular government census was made in 1960, the population again had increased to 40,078, a jump of 5873. Thus the Granite City population increased on an average of 1000 persons per year for the ten-year period of 1950 through 1960, the last year in which a census was taken.

**Expect Further Jump**  
Due to the city's growth in recent years, supporters of the proposal for the new census maintain the population increase during the past five years, from 1955 to 1960, will be at least as great, if not greater, than the previous five years when the population jumped by 5873 persons.

Officials at the Illinois State Highway Department said that motor fuel tax funds allotted to municipalities are computed on the basis of population. Municipalities, a highway official said, receive funds on an estimate of about one penny per person per year. A population increase of 5873 persons, at this rate, would produce an additional \$35,238 per year for Granite City.

A motion to authorize Mayor Leonard Davis to proceed with arrangements for the census with the U. S. Census Bureau was passed by the city council several weeks ago after supporters of the plan pointed out the census was needed for redistricting the city's wards to equalize the population within new ward boundaries. Davis said Tuesday that his office will refer the matter to City Atty. George Filcoff, who will be instructed to write the U. S. Census Bureau about the arrangements. While the city pays the bills for workers and enumerators, the U. S. government handles the work, making the results an official census.

**Proposed by Rutledge**  
The new census was proposed by Fourth Ward Alderman Paul Rutledge. Rutledge first proposed the project over a month ago but ran into objections from Alderman Walter Nann, who claimed Granite City might be hurt by a gain in population.

Rutledge pointed out, however, that the city must have a population of 50,000 before a new state law would take away the local tax collection and give it to the county collector. Rutledge said it was about Granite City has not jumped 9000 in population since the 1960 census.

Rutledge recommended that the new census count be made by blocks to facilitate the redistricting. No time has been set for beginning the new count, although Rutledge said it should be made this year.

At present, five of the city's eight wards are south of 26th street. The largest ward, the Sixth which includes Kirkpatrick Homes and Anchorage, takes in the East Granite area and a portion of the Northside area. Also one of the larger wards is the Eighth, which is made up of the northern section of the Nameoki area.

The only other ward north of 26th street is the Seventh which also is heavily populated and growing.

**First Ward Light**  
The First Ward is composed of the Tri-City Park, the almost vacant Behm Park and the populated area at the southern extremity of the city. The Second ward takes in the Edison avenue and south of 24th street and includes a small portion of East Granite.

The Third ward takes in the downtown area and extends north to 23rd street; while the Fourth ward includes a portion of West Granite and the area between 23rd street and 26th streets. The Fifth ward takes in Lincoln Place and the remainder of West Granite.

Rutledge pointed out that redistricting has been stalled too long and should be started as soon as possible. Some aldermen have been reluctant to consider redistricting, however, since it might possibly mean some would lose out and their wards either cut or eliminated.

**Car Claims Cause State Farm Underwriting Loss**  
Outstanding life and fire insurance achievements in 1964 by two wholly-owned affiliates "took some of the sting" out of the largest dollar loss in the 42-year history of the State Farm Mutual Automobile Insurance Co., it was announced today by the six local agents, Harry, Roy and Gerald Thebaud, Joseph Hassler, Edward Niehaus and Michael Toudias.

While the firm was writing more than a billion dollars worth of life insurance and moved into No. 1 position as writer of the "homeowners" package policy on residences, it ended the year with a \$24,553,041 underwriting loss on auto insurance. After investment income of \$33 million, State Farm Mutual's loss on auto insurance and its \$8,162,464 dividends to policyholders left the world's largest auto insurer with a net operating loss of \$433,648 for the year. However, capital gains on investments and other items enabled the company to increase its surplus to \$2,430,658.

Edward B. Rust, president of all six companies in the State Farm group, said a "catastrophic rise in high-risk accidents pushed the number of auto claims which we settled above the three million mark in 1964; those claims, plus the cost of settling them, drained \$505 million from the company till."

State Farm sought and received rate increases in 29 states and Ontario last year. "We are forced to do the same thing in 1965," Rust said, estimating that rate hikes this year will total between 8% and 12%.

**Daughter Born To Former Residents**  
Announcements have been received from Mr. and Mrs. Paul Baltzell of Route 4, Summerfield, former Granite Cityans, of the birth of a daughter, their eighth child, March 3 at Richmond Memorial Hospital in Chicago, Ill.

The baby weighed four pounds, 15 ounces and has been named Rosemary Gay. While residing in Granite City, Mr. Baltzell was employed by the General Steel Industries, Inc., as a pipefitter.

**Election Saturday For Eagle Park Group**  
The Eagle Park Improvement Association has re-scheduled its annual election of officers for 7:30 p.m., Saturday at 205 Terry street, Eagle Park. It is announced today by Cleveland Johnson, president. The election meeting was previously slated for last week.

All Eagle Park area residents are eligible to vote for the new officers and everyone is urged to attend, Johnson said.

**Auto Tachometer Stolen**  
Joseph Crider, 2328 Iowa street, reported that while his 1962 auto was parked on the post office lot Monday night, the window on the driver's side was broken and the tachometer was stolen.

## Illinois Power Plans New Belleville Building

Illinois Power Co. yesterday announced it will erect a new 180x450-foot building in Belleville which will accommodate both operating and clerical personnel under one roof. Located on a 17-acre tract, it will be started in late March and should be completed by the early summer of 1966.

It will be Illinois Power's second largest building, surpassed only by a service unit in Decatur, its headquarters city. The firm's predecessor utilities in Belleville date back to 1835.

## Old Sayings Could Apply To Elsie, New Harmony

**JOHN W. ALLEN**  
Southern Illinois University

An old saying, "He who pauses to sip here will find to drink again," is applied to many storied springs, widely distributed. One such spring that comes to mind is in a small parkway along a valley bluff at Elsie, Ill. Sayings with a like sentiment are associated with other places and objects. One such object is the enormous hackberry tree that stands in the courtyard between the Dye House and the stone-brick Dormitory Number Two in New Harmony, built by the Harmonists more than 140 years ago.

According to legend, one who comes to stand beneath this hackberry and peers upward through its branches will return to stand and look again. However, it may be the visitor will carry away vivid memories of the enormous tree, said to be Indiana's largest specimen, possibly the country's largest. Also it is a surviving specimen of one of the very oldest species of trees.

In season other trees will impress visitors to New Harmony. One of these is a redbud, the familiar tree whose rich pink blossoms brighten doorways and woodlands of southern Illinois in

early spring. This tree stands in a small park about five blocks east from the hackberry. Instead of being a small, shrub-like tree, it is two feet in diameter.

### Golden Rainforest

Though the large redbud is impressive, the 25 other trees growing in the square park are even more so, for they are golden rainforest, or for those more learned, kolibuteira paniculata. These trees are in their glory just after mid-June each year. At that time the symmetrical trees, some of which reach a height of 60 feet, are in full bloom and have begun dropping petals to make a carpet of gold, hence the name golden rainforest.

The story of the manner of their coming to New Harmony adds interest. A native of the Orient, the trees were first taken to Mexico. These William Maclure, one of the distinguished men associated with New Harmony, and sent seeds to Thomas Say, noted natural scientist, then living in the Indiana town. Say planted the seeds. A resulting seedling was set beside the gate, near to the Say residence on Main street where it became known as the Gate Tree. What-

ever the season the golden rainforest is interesting and distinctive. From New Harmony, the kolibuteira paniculata, which seems to prefer living among people, has spread over a wide area.

## 8 County Permits For New Homes In Quad-City Area

Madison county building permits for a total of five new homes at a cost of \$93,400 in Namooki township and for three new homes at a cost of \$55,900 in Chouteau township during February, according to Jack Clifford, building official.

Permits in Namooki township went to William Austin, a brick home in Parkview Estates, \$21,900; Ralph D. Fricker, aluminum siding and brick in the second addition to New Haven Manor, \$17,000; Lester Kraft, brick veneer in Parkview Estates, \$20,000; Emmett Porter, brick in Parkview Estates, \$19,500; and Henry Ross Construction Co., brick in Dream Villa, \$15,000.

Permits in Chouteau township went to Harrison Construction Co., a brick home in Thorngate subdivision, \$18,000; Jerome L. Bagan, brick veneer at 20 Moorland drive, Mitchell, \$17,000; and Charles Wayne Fuller, brick veneer in Parkview Estates, \$20,000.

Fifty-nine permits with values of \$997,960 were issued through out the county for February, including 47 for new homes at a cost of \$878,800; 11 garages and additions, \$29,100; and one for commercial purposes, \$30,000.

Zoning use permits brought fees of \$270 and zoning hearing fees totaled \$400.

Where ever the thoughtful person begins his stroll about the village and whatever his interest may be, the spell of New Harmony grows upon him. The town is a great jewel of the region and perhaps its old buildings within their associated stories make the greatest appeal. It is small, among the "about 2000" population group. One may not be overwhelmed by a first visit but it increases with each return.

### 150 Years Old

New Harmony, now 150 years old, is distinctive. It is old, relatively very old. When one stops to count the proportion of older buildings, it is amazing. Nevertheless, no air of decay is evident. It is well-kept, dignified, calm, clean, unburied and friendly, a courteous town, and proud but not vain community. Perhaps there is no village in the Midwest still alive and prosperous with a larger proportion of its buildings beyond the century mark. Moreover, it would be difficult indeed to find another town with valid claims to being the site where so many ventures of social significance and substantial scientific attainment saw their beginning.

Any thoughtful person wishing to spend an enjoyable and instructive day in sightseeing here, can well do so by going from one historic place to another, meanwhile filling in bits of the community story. Doing so, they would learn something of the New Harmony Story. He also

## Bids Sought to Replace GCHS Gymnasium Floor

A call for bids on replacement of the Granite City high school gymnasium floor was issued this week by the Granite City school board, which will take action on the bids April 12.

Deadline is 3:30 p.m. March 22, at which time the proposals will be opened and read at the school office, 2014 State street. It is planned to award a contract in April, with the work required to be started after classes and June 7 and to be fully completed by Aug. 27.

Plans and specifications are available from Architects Henry Gabriel and Sylvester Dulgerff. The entire present end-grain block floor is to be removed, a half-inch cork base is to be installed and a new edge-grain maple strip floor is to be constructed. The total thickness of an inch and a half will avoid costly reworking of gymnasium bleachers and will also make it unnecessary to cut into the concrete flooring, which might have weakened the building.

The ten-year-old floor has not worn out but was installed without a cork or similar base. The combination of the new floor and its base is expected to be well received by a.c.a. players and coaches. Cost estimates have ranged from \$18,000 to \$35,000.

should take a "for free distribution"—"points of interest" map. Since the Dye House and Dormitory Number Two with the hackberry tree between at the southeast corner of Main and Granary streets, already have been mentioned, it might be as well to start here. At the very best, an article of this length can do no more than just begin.

### Cloth-Making Industry

One of the industries of the Harmonists, a name the writer prefers to that of "Rappites" was that of cloth-making. Having grown the sheep, sheared the wool, picked, washed, carded, and spun it into thread, the thread was dyed its chosen colors in a small log house, mostly with native plants and barks. The high racks on which the thread was hung to dry are in the attached building. Cotton and flax were also processed here. This is a good place to pause and in imagination create the Harmonists cloth-making trade. Much of the product of their loom was sold from their stores at Shawneetown and Vincennes. Close against the Dye House is Dormitory Number Two where single men lived.

If opportunity is had, it is interesting to look on one of the rivers beyond a stairway in the building and see a chafed legend that says, "In the 24th day of May (1823) we have departed. Lord with Thy great help and goodness protect us."

For those who came to take over when the Harmonists left, Dormitory Number Two served many purposes. It housed the print shop. Also, it housed the first free public school in America.

At least the start on a round of visits to New Harmony's storied spots have been begun.

## Drainage Bids Sought For 23rd, Cleveland

Bids for a drainage line to eliminate the ancient and frequent flooding problem at 23rd street and Cleveland blvd. are being sought by the city and will be opened at 1 p.m. March 22. The project also calls for removal of old trolley tracks on Adams street from 21st to 23rd street and along 23rd street from Adams to State street.

Tax funds budgeted for the job amount to \$40,000. The project has been opposed by several aldermen who recommend the use of motor fuel tax funds for the track removal and a portion of the drainage costs.

### Car, Truck Collide

A car driven west on 18th street by Walter D. Tegel, 1400a Madison avenue, Madison, was struck in the right side by a Roger Bowler Co. truck driven south on Grand avenue by Delbert Kueker, Highway 157 and Walnut drive, at 6:50 a.m. Tuesday. Both vehicles were damaged.

## State Capitol NEWS

### COAL INDUSTRY BOOMS

A total of 807 employees worked in Illinois coal mines during 1964, an increase of 188 from the 1963 total of 619 employees, according to a report from the Department of Mines and Minerals.

The good health of the coal industry in Illinois is reflected in stepped-up production, breaking a five-year record with 54,834,488 tons mined from 306 mines last year.

The 1964 tonnage figures may be compared with the 51,042,433 tons mined in 1963 from 310 mines; 48,353,913 tons in 1962 from 310 mines; 46,132,526 tons in 1961 from 328 mines and 45,820,632 tons mined in 1960 from 328 mines.

The number of fatal accidents was nine in 1964, down seven from the 16 killed in 1963. Non-fatal accidents totaled 435 in 1964, a decrease of 10 non-fatal from the 445 in 1963.

**SAFETY PICTURE IMPROVED**  
Safety in Illinois presents a vastly improved picture over that of a decade or two ago. So says the department of state government charged with that responsibility, the Illinois Department of Public Safety.

Although traffic deaths increased to more than 2200 last year, motor vehicle fatalities in recent years have occurred at a near state rate. This is within a fraction of five deaths from each 100 million miles of vehicular travel.

Safety Director Joseph E. Ragan, recapitulating the activities of his department for the year said, "We are far from satisfied, even though we have managed to hold the mileage death rate slightly below the national average of 5.7 deaths per 100 million miles driven. Since Illinois is one of the most populous states in a nation on wheels, our task of traffic law enforcement is a mammoth undertaking."

### WEATHER DATA

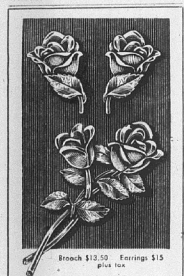

Over the last 20 years temperatures in Illinois have been recorded as high as 117 degrees at East St. Louis, and as low as -33 at Mt. Carroll. Usually the month of January is the coldest month of the year and July, the hottest.

The average freeze-free season ranges in length from 160 days in the extreme north to 195 days in the extreme south. The last freeze in spring ranges from April 5 in the extreme south to May 2 near the Wisconsin border. The first freeze in autumn usually arrives by Oct. 3 or 4 in the extreme northwest and by Oct. 25 in the extreme south.

### PRAIRIE CHICKEN LURES PRICE

Prairie chicken hunting in Illinois during the mid-1960s must have been hard to beat. In 1963, William Cullen Bryant, wrote that Illinois prairie chickens were at times as abundant as fowl in the barnyard and that settlers could kill six in a quarter of an hour. As late as 1960, chicken hunting was good enough to bring the Prince of Wales to Illinois.

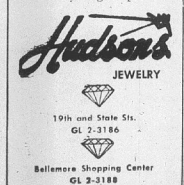

Since 1955 there has been no open season on prairie chickens in Illinois. Illinois prairie chickens are now making their last stand in a small number of southeastern counties where, until recent years, much rewild was grown, providing the nesting and brood cover lacking elsewhere.

## Bodi-Donohue Engagement

Just announced is the engagement of Miss Phama B. Donahue, a daughter of Mr. and Mrs. William L. Donohue, 2325 East 23rd street, to George A. Bodi, whose parents are Mr. and Mrs. George M. Bodi, 1747 Chestnut street.

The bride-to-be attended the Granite City schools. Mr. Bodi is a graduate of the Granite City high school and was recently released from the U.S. Navy. He is now employed by the Brockus Machine Co. An autumn wedding is planned.

## PEO Sisterhood Elects Officers

Officers for the coming season were elected Monday at a luncheon meeting of Chapter HT of the P.E.O. Sisterhood held in the home of Mrs. Richard Kerch, 2910 State street.

The staff includes Mrs. E. H. Baker, president; Mrs. H. R. Fischer, vice-president; Mrs. E. George Marshman, recording secretary; Mrs. W. F. Collidge, corresponding secretary; Mrs. A. C. Slover, treasurer; Mrs. Robert Bucks, chaplain; and Mrs. Bernard Miller jr., guard.

Mrs. Baker presided over the meeting which included plans for attending a training school to be held by the East St. Louis Co-operative Board March 29 at Union Methodist Church in East St. Louis.

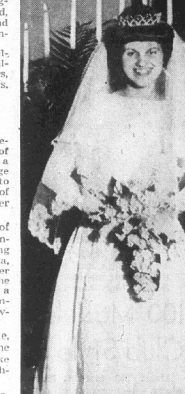

## ARTISTS GUILD HOLDS WEEKLY MEETING

The weekly session of the Granite City Artists Guild was held Tuesday evening at the Community Center, 822 Niedringhaus avenue.

An exhibition of the work of the members was held, together with the work of Jerry Slavik, the instructor. Exhibitors were Mrs. Arlene Naglich, Mrs. Ruth Tyler, Mrs. Jackie Francis, Mrs. Marion Shelton and Mrs. Clea Whitaker.

The speaker, Elmer Brown, welcomed new members and extended an invitation to the public to attend the meetings each Tuesday evening from seven until nine o'clock.

Refreshments were served to 37 members by Patience Circle, Mrs. William Cariss, leader.

**MR. AND MRS. ROGER W. WRIGHT**, who were married recently at Trinity Methodist Church. The bride will be remembered as Darlene Marie Beasley, a daughter of Mr. and Mrs. Clarence Beasley of Route 2, Collinsville, formerly of Granite City. Mr. Wright's parents are Mr. and Mrs. Clement Wright, also of Collinsville.

**GABRIEL SHRINE WILL ELECT OFFICERS**

Officers are to be elected at a meeting of Gabriel Shrine 78, White Shrine of Jerusalem, at 7:30 o'clock this evening. There also will be a memorial service and new members are to be special guests.

Mrs. Mary Peters is worthy high priestess of the Shrine and Daniel Curran is watchman of shepherds.

**BOY SCOUT MOTHERS AUXILIARY** installs officers. **Marriage Preparation To Be Meeting Topic**  
Mrs. Marguerite Lynch, Family Life specialist from the University of Illinois, will conduct a meeting on "Preparing People for a Satisfying Marriage" on March 16 at 7:30 p.m. at St. John's Methodist Church fellowship hall, 201 St. Louis street, Edwardsville.

Announcement of the coming meeting is made by Mrs. Catherine R. Mauck, Madison County Home Adviser for the Home Economics Extension.

Mrs. Lynch will discuss dating, selecting a partner, and the foundations on which a marriage should be built. Older teenagers, parents, youth group leaders, and Sunday school teachers are invited to attend.

**Van Windshield Broken**

**Water Co. Contract Talks Set March 18**  
A mediation meeting to resume negotiations in a contract dispute that has caused a four-month strike of 16 laborers employed by the Granite City division of the East St. Louis & Interurban Water Co. has been scheduled for March 18, it was reported today.

The meeting will be held in East St. Louis and will be attended by water company officials, representatives of the International Hod Carriers Union and agents of the U. S. Mediation Service.

The dispute has been in mediation since early February and several meetings were held during the middle of last month without reaching an agreement. The laborers are seeking wage increases and other benefits. Details of issues involved have not been divulged, but company officials have said the wage scale sought is in excess of that now followed in East St. Louis and Belleville. Union officials say they are attempting to secure a contract scale comparable to that covering similar jobs in the Granite City area.

The strike, which began Nov. 16, has tied up installation of services in many homes and several apartment units in the Quad-City area. The contract expired Aug. 31.

Spring Fashion, 1965  
You may soon be looking out your window to see the first green leaf peep into life on your favorite shade tree. Yes, spring is on its way and you realize this even more when you see the lovely display of bright spring clothing in the department stores. Styles this spring and summer will be exciting as they are every year.

Perhaps, ruffian, the French word meaning refined, is most descriptive of fashion for spring 1965.

Ruffian colors are potent pastels; textures are subtle and important; the lines of dress, coat and suit are precise, beautifully intricate. The overall look is softer, more feminine. Fabric and color naturally contribute greatly to the ruffian mood.

Most exciting color news for spring 1965 is the impact created by unexpected color combinations: as Bermuda blue/green; navy/bright yellow; maroon/delicate pink; grass green/pink; coral/sage; orange/pink. What could be more feminine than such an array of clear, fresh colors? Perhaps the bodice is one color, the skirt another, and they're divided by a streak of a belt of still another color. It may be the reverse and cuffs of a coat or suit are in a paler tone with rows and rows of quilting. There is a sprinkling of lively brights and town darts to balance the wardrobe.

Because seaming and lines play a larger role in the new silhouettes, textures, although important, are very subtle and refined to show seaming to best advantage. Linen, heavy or light in weight, a solid brilliant color or two potent pastels cross dyes.

**Spring Footwear**  
Equally as noteworthy as the styles in dresses are the styles in shoes, because shorter hemlines increase the importance of fashion in shoes. There is today a greater range of styles, materials and fancy designs in shoes. Pointed toes are here to stay. However, some styles are slightly rounded at the tip. Other styles have the very tip of the point squared off.

The shape of the heel is not so limited by fashion. Heels of several heights and shapes—curved, straight, rounded or underslung—add to the variety. Even the classic pump has varied throat and side designs.

You can buy wide straps, narrow straps and intricately looped and braided straps.

Shoes need not tie in the front. They can, and also do, tie in the back or on the side.

Of course, color is increasingly important in shoes. You can match almost any color of costume you desire. Or you can buy printed shoes made from the same material as the costume.

Plastic materials not only add new textures to shoes, but offer endless variations in plastic heels and jewel-studded and embroidered trims.

These fancier shoes often cost more to make them. The more complicated the shoe pattern, the more the pattern costs to design and cut. The more pieces in the pattern, the greater the amount of labor needed to put them together. Not only is the original cost of the material a cost factor, but also the amount wasted in cutting small pieces.

MISSED BY BROTHERS AND  
SISTERS 33-3-11

IN LOVING MEMORY OF FRANK  
NEMETHY, March 8, 1965. Just  
a thought of sweet remem-  
brance. 33-3-11

Just a memory and and true,  
Just the love and sweet devotion  
Of one who thinks of you.  
SADLY MISSED BY  
FAMILY. 33-3-11

THE FAMILY OF EVELYN  
DICKIEY wishes to extend an-  
niversary thanks to the friends and  
neighbors for their expressions  
of sympathy, the beautiful floral  
arrangements, masses and many acts  
of kindness shown during the

**In Memoriam 33-3-11**  
IN LOVING MEMORY OF WILL-  
IAM C. GOSNELL, who pass-  
ed away March 10, 1965.  
Time speeds on, one year has  
passed.  
Since death its bloom, its shadow,  
cast  
Without our home, where all  
seemed bright.  
And took from us a shining  
light.  
We miss that light and ever will  
miss the vacant place there is none  
to fill.  
Down here we mourn, but not in  
vain.  
For up in heaven we will meet  
again. 33-3-11
